Canton C-Hawks started off another great homecoming week with Coronation Ceremony on Monday night. Pictured above: Flower girl Eleanor Olinger, Sara Schroder, Reese Larson, Landree Meister, Danica Rozeboom, Queen Tessa Tiemann, Master of Ceremony Matt Anderson, Ryan Kuper, Braxton Mulder. Arthur Benoit, Elijah Anderson and Crown Bearer Hayes Souvignier-Block. Emcees for the night were Jayrn Warejcka, Marin Foster and Kaylee Dean.

Homecoming week in Canton was a busy one with cross country at Alcester Hudson on Monday. The boys golf team competed at the DAK 12 conference meet in Tea. Tuesday night was a home volleyball game against Tri-Valley.

Friday was Homecoming day starting with Seniors decorating cars with window paint as they came into the school parking lot. The school spirit was all over town. Games were played and spirits were ramped up in school. High school students showed their talents on stage along with football moms. The pep rally ended the morning getting students excited for the parade and the nights football game.

The parade started earlier at 1 p.m. this year starting at Canton Good Samaritan Home and ending at Jack Fox Park. Lots of floats and class celebrations made this parade one of the best and longest in quite a while.

The tailgate supper was moved up to 4 p.m. followed by the football game starting at 5 p.m. to beat the rain. Just as the game ended, the rain started to fall as the team lost the game.

## Kindness Rock Project Spreads Joy and Patriotism in Canton

The Canton VFW Auxiliary has chosen to be a participant in the KINDNESS ROCK PROJECT, a simple way to spread joy, kindness and patriotism with messages painted or written on rocks. The project is nationwide having been initiated in 2015 by a life coach from Massachusetts and rocks can now be found in thousands of communities across the country. The Canton Auxiliary chose to use a patriotic theme. Rocks are gathered, decorated with patriotic scene or message of thanks to our veterans and are presented to individuals to be shared with others or hide it in plain site in a public place (park, playground, hiking trail, near a sidewalk, etc.). Pam Gillespie of the Auxiliary painted 100 rocks that will be distributed by Auxiliary members throughout the community with the intent to spread "the good word."

Canton Mayor Sandy Lundstrom is in support of the project and was presented with the first rock and given other rocks to be shared in Canton.

To be a successful project the Auxiliary is asking that whoever finds the rock or was presented with one is to take a photo with the rock, post it to the Canton Auxiliary Facebook page or email the address and then give it to another person to hide it. **Lynda Standley**  
November 9, 1942 -  
September 22, 2023

Lynda Standley, age 80, died unexpectedly Friday, September 22, 2023 at the Sanford USD Medical Center ER. Mass of Christian Burial will begin at 10:30 a.m. Saturday, September 30, 2023 at St. Dominic Catholic Church in Canton. Visitation, with family present, will be Friday from 5-7 p.m. at the church. A prayer service will begin at 7:00 p.m.

Lynda was born on November 9, 1942 in Washington, Indiana to Louis and Dorothy (Wilson) Daily. She graduated from Washington Catholic High School in 1960. She married John Standley on February 16, 1963 in Washington, Indiana. The couple made their home in Washinton, Indiana until moving to Canton in 1976. Barbara, Mark, Brad and Douglas were born to this union.

In addition to raising her children, Lynda enjoyed quilting, traveling back to Indiana to visit family, and playing euchre. She loved her family deeply and cherished time spent with her kids and grandkids, especially going to her grandchildren's activities. Lynda and John were also very active in the Canton Optimist Club. They enjoyed dressing up as Mr. & Mrs. Claus and helped run the Easter egg hunt. They also helped with countless activities that include the Christmas parade, bingo nights, and carnivals. She was a longtime member of St. Dominic's Catholic Church.

Lynda is survived by the love of her life, her husband of 60 years, John; children, Barbara (Dominic) Jones, daughter in law Edna Padilla (Jorge Munoz), Brad (Cristen) Standley, Douglas (Jessica) Standley and grandchildren, Derek Jones (Darci), Carrie Bowman (Andrew), Justin Jones (Danielle Schmidt), Austin Jones (Autumn Scheel), Michael Standley (Kelly), Kyle Standley (Brittany), Jacob Standley, Joey Ramirez, Dakota Standley (Jorge Juarez), Desiree Standley (Daniel Dye), Maddox Standley and Keaton Standley; 8 great-grandchildren, Dawson, Reese and Harper Jones; Emery and Theo Bowman; Jayden Ramirez; Ezra Juarez; Liam Standley; 2 great-grandchildren coming soon; brothers, Dan (Melodie) Daily and John (Peggy) Daily; sisters, Phyllis Daily, Bonnie (Mark) Jones, Mary Daily, and Christina Sipes; along with numerous extended relatives and friends. She was preceded in death by her parents and son, Mark Standley and granddaughter Delilah Luna Munoz. www.andersonandsonsfh.com

**Darlene Rae (Miller) Jervik**  
September 13, 1934 -  
September 23, 2023

Darlene Rae (Miller) Jervik, age 89, died Saturday, September 23, 2023 under hospice care at Good Samaritan Society Canton. Funeral services will begin at 1:30 p.m. Thursday, September 28th at Hudson Lutheran Church, Hudson, SD. Visitation, with family present, will be Wednesday from 5-7:30 p.m. at Anderson Funeral Home in Canton, SD. A prayer service will be held at 7:30 at the funeral home. www.andersonandsonsfh.com

Darlene was born to Arthur A. Miller and A. Josephine (Toft) Miller on September 13, 1934 at their home in Sioux County, Iowa. She joined an older sister, Madonna. She was baptized in the doorway of her bedridden grandfather Toft's home. When she was three years old, they moved to a farm west of Hudson. A brother Arvid joined the family. She attended Sunday School and was confirmed at Hudson Lutheran. She also went to Lutheran League, attending two national youth conventions which built her strong faith in God.

She attended Blanchard Country School and graduated from Hudson High School in 1952. After graduation, she attended Augustana College for one semester. She worked for Midwest Beach in Sioux Falls for one year. She was united in marriage to Leo Kermit Jervik at Hudson Lutheran on April 10, 1954. They moved to a farm southwest of Canton where they raised their six children: Gregory, Brenda, Kirk, Clark (deceased), Lane and Kevin. During their school years, she helped with chores and field work. They joined Lands Lutheran Church where she was active in Bell Choir, WELCA, and bible studies.

In 1982 she started working outside the home in factories and healthcare. In 1990, they moved to her childhood home and joined Hudson Lutheran where she was active in WELCA. She was able to go to four National Conventions of WELCA. She also made hundreds of quilt tops for Lutheran Relief. Her hobbies were gardening, sewing, quilting, reading, baking, and making and decorating cakes for all occasions. In addition, she belonged to various clubs. Her greatest enjoyment was to go to her grandchildren's and great-grandchildren's activities.

In 2009 Leo passed away. She stayed on the farm until 2016, when she moved to an apartment in Canton. She was able to take some bus tours where she met some lasting friends.

Proceeding her in death was her husband, Leo; son, Clark; parents, Arthur and Josephine Miller; sister, Madonna; son-in-law, Wade; in-laws, Magnus and Martha Jervik; and sisters-in-law, Audrey Knutson and Joyce Anderberg.

Survivors are her children, Gregory, Brenda Johnson, Kirk, Lane (Julie), and Kevin; brother Arvid (Francine) Miller; brother-in-law, Milo Knutson; eight grandchildren; 12 great-grandchildren; and numerous cousins, nieces, nephews and friends.

## Southtown Commentary

By Pastor Jerry Miller

### Lost Legos and Jesus

Pastor Jerry Miller  
Southtown Commentary

My boys and I love Legos. Still we get distracted by other fun activities and the Legos might sit for weeks at a time without being used. When we come back to them, they have not built themselves into a new creation. They are still the same as when we left them. Further if we put them into a pail and shake the pail, they do not build themselves. Instead the things that we built actually fall apart.

The Lego example illustrates the Second Law of Thermodynamics (a law of energy decay) that shows that things go from a more ordered state to a less ordered state. The rust on our cars is a great example of this law and so is the rotting garbage in a dumpster.

Another example is the human body. Although I still feel fairly young and healthy, I cannot see as well as I used to and I am not as strong as I used to be. Further my hair is turning gray. My body is going from a more ordered state to a less ordered state.

The Lego illustration showed us that there has to be a creator. The example of my aging body shows that one day I will meet that creator. Hebrews 9:27 warns, "And as it is appointed unto men once to die, but after this the judgment."

As a child, I became a Lego creator. Many of my creations were lost or destroyed. Today I do not even know what happened to the Legos that I had as a child. Thankfully my creator is much more loving of his creation than I was of my Legos.

John chapter 1 makes it very clear that Jesus is our creator. By the third chapter of John we are shown how much he loves us. "For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life." (John 3:16) Jesus did not just create us and

then forget about us. He knows the details about us. Jesus said in Luke 12:7, "Indeed, the very hairs of your head are all numbered. Do not fear; you are of more value than many sparrows."

As the hairs of my head turn gray and fall out, Jesus knows how many I have left. He also knows about my sin and that because of my sin, I have come short of his glory. "For all have sinned and fall short of the glory of God," (Romans 3:23) This reality presents a problem for all of us because "the wages of sin is death" (Romans 6:23a). In other words our sin is an even bigger problem than the fact that our bodies are going from a more ordered state to a less ordered state.

If I were simply buried in the ground and forgotten once I die- like childhood Legos- then there would not be a lot to worry about. But we are not forgotten by our creator. We are both loved and held accountable for our actions. If we return that love and believe in the Lord Jesus Christ as we give our lives to him, then we will live with him forever in a wonderful place he has prepared for us. If however we reject him, he will not just throw us away, he will throw us into the lake of fire where we will be punished forever (see Matthew 25:46).

Some may think it is cruel of God to hold his creation to such a high standard, but he is not expecting much from us. He made us and loves us so much that he died for us. To expect us to simply submit to a creator who made us, loved us, and died for us is not expecting too much. In fact, it is making heaven a better place because it is keeping out those who do not care enough about God and others.

Jesus is our loving creator. Live for him who died for you. www.southtownchurch.com

## A LOOK BACK AT THE STORIES AND HISTORY OF LINCOLN COUNTY

By Gaynor Johnson  
Back in 2015 I took on the task of putting together a historic calendar that would be used as a fund raiser for Canton's sesquicentennial in 2016. It would have old photographs pertaining to Canton and my original plan was to try to have something concerning our towns history for everyday of the year. Having never done anything like this before I didn't realize how difficult that would be until I began searching for 365 things I could use. I finally had to give up on this idea but I did find 37 historic photos to use for this calendar along with a multitude of interesting historical facts

concerning our 150 year old town. I've listed some of these from the month of October which is almost upon us.  
Speaking of October, don't forget to attend the FREE Concert and showing of a film concerning Bill Peterson and his mentor Dwight Lamb on the 7th at the PAC. These two have toured Denmark six times and will be joined by an Orchestra. Two of the musicians, Kristian Bugge and Sonnich Lydom, are from Denmark. A tune session with Dwight kicks things off at 2:00 p.m. with the film being shown at 4:30 and 6:30. The concert will start at 7:00 pm. Happy Reading

#### ADULT FICTION

In Feast or Famine by Mesu Andrews (LP). After four-year-old Asenath's mother is murdered by Egypt's rulers, the child is raised to be a priestess by her father. She has been sequestered for years, and then is given as a bride to a Hebrew named Joseph and her world is shaken. As she faces treachery, deceit, and conspiracy, she wonders if her husband's God can heal her nation.

Inspired by Murder by Audrey J. Cole. When a famous Seattle couple is found dead in their home, it appears murder-suicide. But the detective investigating the case isn't convinced and as she begins uncovering dark secrets in the past of Dr. Eric Leroy, she realizes she must find enough evidence to arrest him before he kills again.

The Medallion by Cathy Gohlke (LP). In 1939 Warsaw Poland, the German Blitzkrieg turns the streets into a war zone. As the daily atrocities intensify, the people living in the Jewish ghetto fear for their lives. To save her life, Rosa Itzhak sends her daughter into hiding. She places a medallion she

has cut in half around the girl's neck, hoping it will allow her to find her after the war.

A Month of Doomsdays by William W. Johnstone (LP). Former lawman Ty Brannigan tries to rope in some skittish cattle rustlers at his family ranch and uncovers a nest of scheming bank robbers.

The Nantucket Inn by Pamela Kelley. A recently widowed woman who hasn't worked in over 30 years and has no in-demand skills, struggles to find a way to keep her home on the waterfront, to be near her children. She will turn her home into a bed and breakfast, and with her entertaining and cooking skills is sure she can make it succeed.

The River We Remember by William Kent Krueger (LP). A wealthy landowner is gunned down and suspicions and rumors abound that he was killed by Noah Bluestone. The sheriff, with demons of his own from his service in the military, struggles to calm the fears of the community. It seems many members of the community have secrets that will be exposed because of the landowner's death.

The Club by Ellery Lloyd. At a luxurious home-away-from-home for a collection of celebrity members, things become very dark and sinister, and as the body count piles up, some of the members wish they'd never RSVP'd at all.

Hello Beautiful by Ann Napolitano. When a college basketball scholarship allows William Waters the opportunity to escape his tragedy-laden hometown, he is thrilled. There he meets Julia and her loving family. However, when the darkness from William's past surfaces, it threatens his relationship with Julia, and her relationship with her family. Can their love draw them back together when they need it most?

## "Rattlesnake Bill"

The following is a summary of a story I had never heard, submitted to The History of Lincoln County book by Ethel Johnson and Capitola Weisberger.

Long ago, before Newton Hills grew into the state park it is today, some interesting characters lived there. Some came to escape their wives, the law, or the modern world.

Bill Mitchell was a scout for the US Cavalry during a trip to the Black Hills in the 1860's. During this trip, he was wounded by a Native American's arrow, lost consciousness and was left for dead. Mitchell was then taken captive by the Natives for six months before he escaped. He worked as a cowboy in west river. After a bronco round-up, he was relaxing and drinking with other cowboys, when a rattlesnake came up to the men. Bill was dared into picking it up, because he had just been bragging about how he could charm a rattler with just his eyes. He was used to snakes, and so he picked up the snake leading the men to believe he had charmed it. After that he was given the name "Rattlesnake Bill."

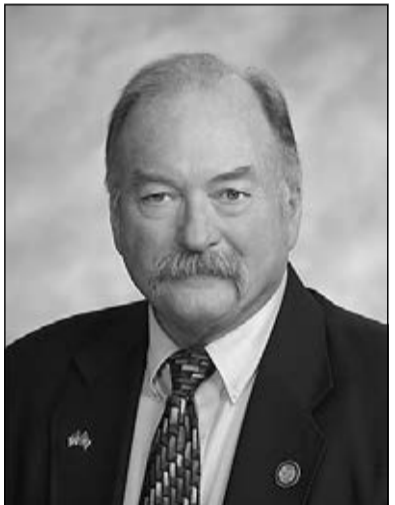

No one knows for certain why he came to live in Newton Hills. Bill had said that his wife was a daughter of a Chief and was killed by a Frenchman in Newton Hills.

So, he stayed there to be closer to her grave. He also told some he was appointed by the Governor to track down horse thieves who often hid from the law in the hills. He hardly ever left the hills, except for his annual "fixin' up" at a barber shop in Canton. He would dress in smelly old clothes and wear rabbit skins with burlap wrapped on his feet. He was not the most popular customer. Other people had a hard time finding Bill when they needed him because his dugout was well hidden. He had a few friends but would hide from others in the hills that were his home. He knew when strangers were present and would follow or observe their activities from an unseen hiding place. He would engage with them sometimes if he was curious about what they were doing, or if he wanted to tell them stories. Just as quietly as he would sneak upon them, he would disappear back into the hills he knew so well. In 1938, Rattlesnake Bill was found dead at age 89 with a broken neck, in his home for more than forty years.

The next time you walk the trails in Newton Hills, you can partake in the beauty around you that Bill loved so much. Perhaps you will have an unseen visitor watching curiously from the trees.

## Jensen to Seek District 16 Senate Seat in 2024

State Representative Kevin Jensen of rural Canton has stated his intention to seek the District 16 Senate seat in 2024. Jensen has served 4 terms in the House of Representatives filling many leadership roles. He served as Majority Whip for 2 terms, chaired The House Health and Human Services Committee for the past 3 terms. He was the Chair of the Mental Health Services Delivery Task Force, which resulted in moving mental health care to local services instead of centralized state services. Jensen has been appointed to fill numerous commission and committee positions including the Juvenile Justices Reform Oversight Council, the Corrections Commission, and Preventable Death Council, Co-Chair of the Joint Health and Human Services Committee and others. Jensen is running to fill the open Senate seat of Senator Jim Bolin who is termed out.

"It has truly been an honor to serve District 16," Jensen said, "It has been an incredible learning experience being part of the GOP leadership for the past 5 years. We have one session left in the current term and there is a lot of work ahead of us." Jensen has an A+ rating from the NRA as well as their official endorsement and has a 100% pro-life voting record for all 7 years he has been in office. Among his legislative victories he is most proud of is the 2021 HB1212 stand your ground law which re-wrote self defense law making you

Honor by Thrity Umrigar Lovers of "A Thousand Splendid Suns" will enjoy this powerful read. "Honor" is a story of two strong women and how their stories come together. I heard a quote one time, that "Reputation is what others know of you, but honor is what you know about yourself." This quote ran through my mind countless times while reading and thinking about the strong women in this story.

Smita is originally from India, but during childhood her family left abruptly to live in the United States. She works as a journalist in America, when she is summoned to India to help her colleague who has been hospitalized while on assignment. She wants Smita to finish the story for her. Smita thought she would never go back to India but finds herself taking over the story. Smita claims to have a strong dislike for India, remembering the way her family was treated before they left. The story she follows is that of a woman named Meena, who was abused by members of her own family. Her only crime is that she is a Hindu woman who married a Muslim man. Her brothers started their home on fire, while tragically killing her husband in the process. Meena tried to save her husband, was badly burned, and is now disabled.

A man named Mohan accompanies Smita on her journey deep into the country to see where Meena lives. Turned away from their family, the two find Meena and her daughter living with Meena's mother-in-law. While getting to know Meena, Smita uncovers the hurt inside herself about her own family's history.

The author wrote this book based on real newspaper articles found at the time in India. While raised knowing of the treatment of women in other countries, I never could have imagined the horrors others go through daily. I hope this book will go to the tops of your "To Be Read" piles.

innocent until proven guilty, an absolute 180 degree change in the law. He also introduced and fought hard to pass HB1127 in the 2023 session that created a \$5 million dollar grant fund for volunteer fire departments to replace outdated personal protective equipment and to equip new firefighters.

Jensen added, "I have the experience needed to be an effective Senator from the first day in office. Having introduced numerous bills that passed through both houses I understand what it takes to get things done. I would be humbled if the voters of District 16 would send me back to Pierre to represent them as their Senator."

## Dave Says: It's Not a Good Long-Term Plan

Dear Dave,

My girlfriend's parents are divorced, and they're both in their early seventies. We talked the other night, and she's thinking about buying them each life insurance policies. The only coverage her dad has is through his employer. Her mom has remarried, and she doesn't have any life insurance at all. On top of this, her dad is worried he might have to pay her mom's funeral expenses if she died, and he's not in good enough shape financially to do that. Do you have any advice?

Joshua

Dear Joshua,

If the only life insurance her dad has is furnished through his employer, then he probably won't have it anymore once he stops working. I suppose it's fine if she wants to buy them each a small policy, but it's liable to be pretty expensive at their age.

Now, she can do this, but I don't think it would be a good long-term plan. I'd tell your girlfriend she needs to start saving money and building up her own wealth. If she had just \$20,000 in savings, that'd be more than enough to bury two people. Please understand, I don't mean to sound insensitive. We're talking solely about the economics involved in this kind of situation.

The other thing your girlfriend should do is have a discussion with her mom to find out if the stepfather has the money to handle that kind of thing. When it comes right down to it, any final expenses for her mom would be his responsibility now—not her dad's. She should have a discussion with her dad about preparing for things, too. But if her dad's got insurance through work, and the stepdad is ready to pay for her mom's burial, then they're covered for the immediate future.

In short, I wouldn't do it unless they absolutely don't have this sort of thing covered. Even then, I'd prefer she just covered it with cash, because all we're talking about is enough to cover burial costs. No matter what anyone else says, Joshua, a nice funeral doesn't have to be crazy expensive.

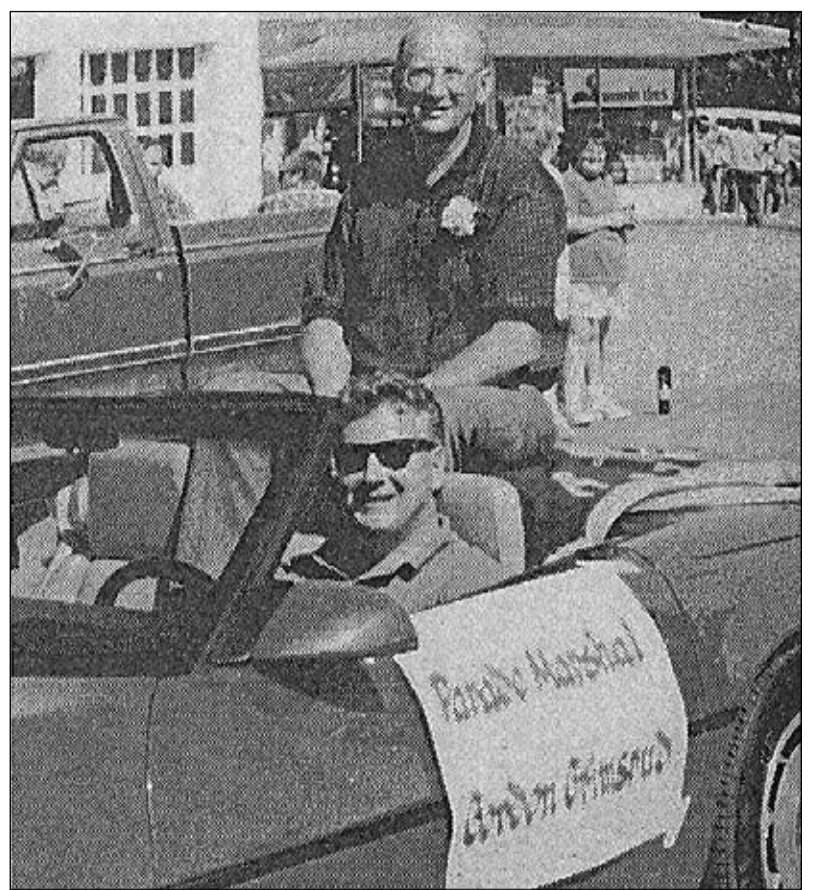

— Dave

## OFF The Road With Jerry

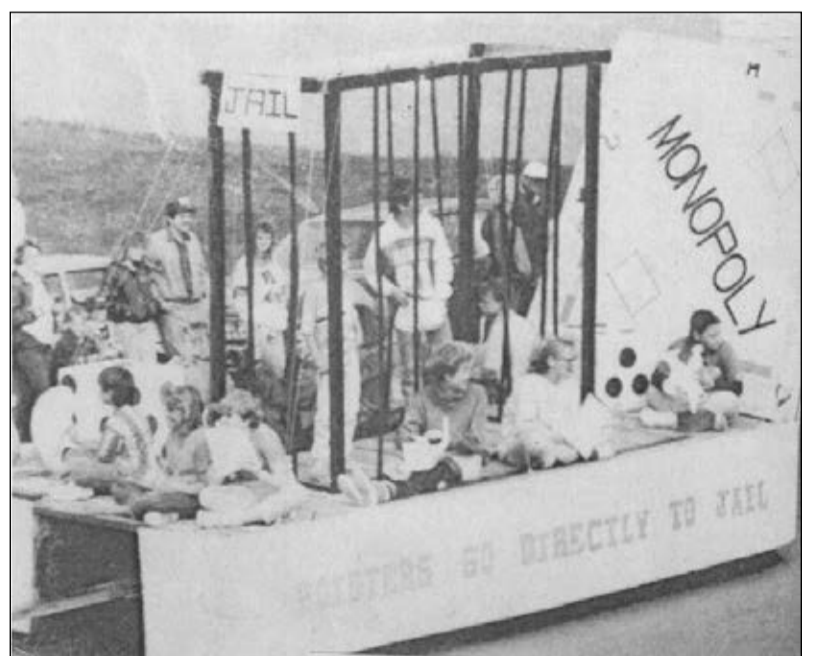

This is a 1998 Homecoming parade photo showing Mr. Grimsrud as the Parade Marshall. He was a teacher for some time at Canton High School.

These 1998 Seniors have this old car completely overloaded. It used to be fun to buy an old junker car that still ran and then cut the top off and turn it into a poor mans convertible.

This parade entry was the Junior class, who won the most Humorous award in a tie.

This float was hard to identify. It has a jail with a prisoner inside. It says Monopoly in big letters on the float.

This was the other Humorous tie float, which was quite elaborate. It was the 8th grade.

# C-Hawks Fall to West Central at Homecoming

The Canton C-Hawk football team hosted the West Central Trojans for Homecoming and the close game ended up with WC winning 32-28 as the game went to the very end as the Hawks fell to 3-2 and the Trojans improved to 5-0. Canton will next travel to Madison to face the 0-5 Bulldogs who lost to Dells, WC, SFC, Milbank and Dakota Valley and it will be a 7pm kickoff time.

Canton started out the game on offense and drove across midfield penalties stopped their drive after a pass from Braxton Mulder to Brayden Qualseth for 7 yards came up short on a 3rd down play forcing a Matt Anderson punt. The Hawks defense forced a punt after good tackles from Canaan McCracken but on the Trojans punt a C-hawk player touched the ball and WC fell on it to get the ball back at the Canton 35 yard line. Madison found a receiver on their 2nd play as he caught the ball over the Canton defensive back for a 33 yard TD pass and after the extra point was no good they took a 6-0 lead at 5:27. Canton was forced to punt back to the Trojans as the 1st quarter ended with the Hawks trailing 6-0.

West Central started the 2nd quarter on the Hawks 45 but a pass deflected by Pierce Mastalar that Cain Wallner intercepted giving Canton the ball at the 42. Canton started to move the ball with runs by McCracken and a 22 yard pass from Mulder to Wallner with the help of a good block from Anderson then 2 plays later Mulder hit Anderson for 17 yards putting the ball at the Hawks 11 yard line then on the next play Wallner took the handoff and ran it in for the touchdown behind John Halverson and Chance Riley. The extra point run was short and at 8:44 the score was tied at 6-6. The Trojans moved into Canton territory on a long pass but a fumble on their next play was recovered by Traun Cook giving Canton the ball at the 29. McCracken moved forward with 2 carries and then Cook took the handoff and ran it up the gut and was hit but kept his feet moving and broke tackles and found daylight and ran for a 41 yard gain putting the Hawks on the Trojans 21 yard line. Mulder passed to Anderson and WC was called for pass interference putting the ball on the 10 yard line then on the next play Wallner took the handoff and ran outside the right

tackle and broke 2 tackles and got in the end zone for the touchdown and the lead. Mulder hit Wallner on the extra point and Canton took a 14-6 lead as the game headed into halftime.

West Central got the ball to start the 3rd quarter and they took to the air and passed their way into C-Hawk territory then a run around the end put them on our 30 yard line but a good Arthur Benoit tackle moved them back 5 yards setting up a 3rd-15 play that the Hawks intercepted but a pass interference penalty moved them down to the 20 instead. They moved to the 10 on their first play and in for the touchdown untouched and after the extra point run they tied up the game at 14-14 with 7:00 left in the 3rd. Canton was forced to punt after Mulder was sacked on a 3rd down play for a 9 yard loss giving the Trojans the ball at the Canton 46 then on their first play they ran outside and found open field and ran for 38 yards to the 8 yard line then the QB faked the handoff and headed outside and scored the touchdown and the extra point run was stopped making the score 22-14 at 3:39. Canton started their drive on the 28 and runs by McCracken with a pass from Mulder to Wallner for 8 yards moved the ball downfield then from the 39 Mulder hit Anderson for a 27 yard gain moving into WC territory at the 37 then a pass interference against the Trojans put the ball at the 22. Canton was called for a holding call on a pass play but on the next play from the 31 Mulder hit Anderson for a 21 yard gain after a diving catch from Anderson as the 3rd quarter ended with the Hawks trailing 22-14.

Canton started the final quarter on the 10 yard line and a Mulder to Wallner pass for 9 yards led to McCracken powering in a one yard touchdown run over the right side behind Hunter Richmond, Halverson and Riley. The extra point pass was no good making the score 22-20 with 11:17 left in the game. Canton forced a Trojan punt after they made a nice stop on 3rd down with tackles from Teague Granum and Wallner. The Hawks were forced to punt the ball back after 3 plays with 2 sacks giving the Trojans the ball at their own 46 yard line with 7:16 remaining. An offside penalty gave WC a first down on a 3rd-3 then 3 plays later from the 33 yard line the

Trojans ran up the gut and found open field and scored untouched and with the extra point run they took a 30-20 lead with 4:21 left. Canton got the ball but lost 4 yards on their first play then 2 plays later Mulder let the pass fly and down the sideline and Anderson jump for the ball over the defender and grabbed the ball and shook off the defender and raced for 76 yards for a Canton touchdown then Wallner ran in the extra point making the score 30-28 with 3:23 left in the game. West Central started midfield and the Hawks defense tightened up and the Trojans were looking at a 4th-2 from the 42 but a false start moved them back 5 yards forcing them to punt. WC hit a great punt downing the ball at the Hawks 1 yard line with 1:50 left and there first play was incomplete but on the 2nd attempt the got thru our line and sacked Mulder in the end zone for a safety for 2 points and the Hawks would have to kickoff with 1:41 trailing 32-28. The Trojans recovered the on side kick and ran out the clock winning 32-28 to improve to 5-0 and the Hawks dropped to 3-2.

What a great weekend for Homecoming with the only thing not great but was darn close to making it a great, great weekend. We came darn close to winning our game Friday night as we gave the #2 team in Class A West Central a good fight and it was a one thing here or there away from winning this game. You know they left the field and knew that they were in a fight from our C-hawks. It was exciting and still left worn out and not totally happy about the outcome and I know I am not the only one. Was excited at halftime as we held a 14-6 lead then gave up a couple TD's and got behind but answered with our own td drive then a td pass of 76 yards to stay close at a 2 point difference but in the end we needed one more scoring drive but ran out of time. We played hard and good job to the football team and now lets sweep the rest of the season and see if we can get another shot at them in the semifinals. I also think we should check the record book and see what player with a number 71 on his jersey has the rushing record because I would think Traun has the record with 44 and it was fun to see that run as he just wouldn't go down at the line of scrimmage but I was a little disappointed that he let that little guy catch him from behind and take him down. Nice job Traun and make all the 71's in Canton football proud and keep it up. This Friday we head to Madison and they are 0-5 but we better not take for granted we will win because they have our number and we better go right after them and play extra hard because we can't afford another loss so good luck Friday.

and with all those class reunions there it had to be the biggest number of school years we ever had since every 5 minutes they were announcing a class reunion year that were celebrating. My class, the Class of 78 had about 10 there and we enjoyed being recognized but there was a lot of reunions and its always good to see some that are older than us and that is what makes homecoming such a great week. Congrats to Tessa and Matt and all our royalty and I couldn't see a chance to make a bad choice so that makes it fun but a cheerleader and the football captain that is cool.

This year is the first time in many years I stood downtown and watched the parade go by and I really enjoyed that. I usually ride with my football team but this was fun too and it is a lot easier to shove people out of the way and dive for the candy everyone is throwing down on the street. I did appreciate my team throwing out about 1000 smarties right in front of me and yes I shared some but filled my pockets with a bunch. Great crowds all over town and lots of floats and little kids and bands but my favorite was the Navy battleship that came by and they did a great job on it and unfortunately, I can't remember which class made it but I will try to find out and let you know but great job. All that stuff about the weekend is why Canton comes together and has such fun over Homecoming and I hope we never change Friday's routes ever since it's a great tradition. Thank you, Canton, for a great weekend and I hope everyone that came back to visit and celebrate a reunion had a great time and will come back again soon. Go C-hawks!!!!

# Harrisburg Launches its Own Registered Youth Apprenticeship

A brand new program and the “groundwork” it took to make it happen

*Forty-nine students part of the inaugural year*

By Virginia Olson

The launch of Harrisburg High School's (HHS) Registered Youth Apprenticeship Program (RYAP) was celebrated with lots of fanfare September 15. A ribbon cutting for the new greenhouse and a day filled with lunchtime food trucks and live music along with special educational activities marked the kickoff of two new apprenticeship programs – Landscape Management and Horticulture Technician.

## Prioritizing workforce development

Currently, South Dakota's unemployment rate is 1.9%; historically, is the lowest unemployment rate that any state has ever had. It is not surprising that career and technical education has taken center stage.

This spring Governor Kristi Noem announced a \$7.9M investment in apprenticeships as part of work shortage solutions. Noem's belief - funding apprenticeships and seeking out high school graduates could help fill needed jobs.

High school students have also begun to see the value in career and technical training and a career and technical training pathway. Southeast Technical College's enrollment this year hit a decade high with 2500 students offering 65 pathways for a two year-degree.

older,” Lynch reported.

These two awards also opened opportunities for cross curricular programming with business, culinary arts and marketing she added.

A lot of partners were involved says Lynch. “It wasn't until February of 2023 that there was an official meeting between all parties: The SD Department of Labor and Regulation, Apprenticeship Coordinators, Weller Brothers Landscaping, Southeast Tech and the Harrisburg School District CTE to discuss the components of the RYAP.”

Lots of boxes had to be checked. Tours had to be made of local greenhouses. Numerous meetings

opportunities for their students, and Weller Brother is honored to support them.”

## The start of something big

Attending the Sept 15 ribbon-cutting and educational day were Sarah Hitchcock GOED workforce and education policy advisor and John Bolger, Director of Apprenticeship for the State of South Dakota along with Amy Miller, Asst. Director of the SD DOE Division of College, Career and Student Success.

“What we saw happening September 15 was an amazing showcase of partners, workforce development and CTE programs,” said Lynch.

## The most common apprenticeships in SD

- Plumbing
- Electrical
- HVAC
- Welding

Dr. Mike Amolins, Director of Instruction and Federal Grants, played a significant role behind the scenes as he wrote the two grant proposals and coordinated the Ag curriculum. Without the \$285,000 in grant money, the RYAP could not have moved forward.

“For all the challenges we face in the education world, from school funding to politics, this project is a shining example of what can happen when we work collaboratively between community partners, state government and schools to do what is best for kids,” said Amolins. “I couldn't be more happy or excited to see what will happen with this project and program moving forward.”

## “Growing” the program

With RYAP now underway, all that is left is the completion of the 30' X 72' greenhouse that will be done by the end of the month. Forty-nine students are currently enrolled in two sections of Greenhouse Horticulture this fall with another section of Landscape and Horticulture to be offered this spring. The Ag teachers for RTAP are Tara Fastert and Josh Christiansen.

“Mr. Christiansen and I are very excited to integrate the Landscape Management and Horticulture Technician Apprenticeship Program into our classroom as well as the Supervised Agriculture Experience (SAE) project and the Harrisburg FFA Chapter,” said Fastert. “Over half of our students are already engaged in the Plant Systems Pathway. This includes taking one of the plant-related classes we offer such as Plant Science, Greenhouse Horticulture or Landscape Horticulture or are participating in an FFA Career Development Event (CDE) related to plants such as Floriculture, Agronomy or Natural Resources or Nursery Landscape.”

Fastert believes students' SAE projects related to plants is a good fit for both apprenticeships. Examples include gardens – traditional, aquaponic and hydroponic; mowing lawns; and landscaping as well as a variety of other plant-related projects.

She also couldn't be more pleased with the new greenhouse and sees it as a real bonus to the RYAP.

“The modern horticulture and landscaping facility will allow us to give students hands-on experiences. Mr. Christiansen and I look forward to working with the task force for the RYAP. We have already identified some FFA members who will benefit from the RYAP.”

with SD Department of Labor to develop the RYAP were held. And then there was teacher training. CTE Ag educators had to attend professional development for curriculum development.

## Partnerships are key

Besides partnering with South Dakota Department of Labor and Southeast Technical College, HHS also teamed up with Weller Brothers Landscaping, a local landscaping company.

Jaden Miller, Marketing Director of Instruction at Weller Brothers Landscaping, says Weller Brothers is pleased to be in partnership with the HSD.

**Apprenticeships can start at age 16; however, not all apprenticeship programs accept learners that young. Depending on the apprenticeship program, most require that applicants be 18+ with a high school diploma or GED.**

“It was a no-brainer to partner with HSD in pursuing both the CTE Innovative Equipment Grant and the Start Today SD RYAP Grant,” he said. “These are valuable opportunities that accomplish two goals – supporting workforce development for the landscape industry and allowing students to get a jump-start on viable career paths. The team at Harrisburg works hard to create incredible

## The stars aligned

Though high schools across SD are well aware of skilled labor shortages, and are looking to add new educational programs, launching a RYAP is a huge undertaking for any school. It takes some doing says Breanne Lynch, CTE Coordinator. Before it could happen at HHS, a lot of pieces needed to come together.

“The whole process started in the fall of 2022 with an application for grant funding that was available through START TODAY SD and then a pitch to Superintendent Tim Graf about how the grant would be used. The idea – a modern horticulture facility which would allow a partnership with an area business and the ag and culinary programs at the high school. Soon after, Weller Brothers Landscaping, a local landscaping company, agreed to not only partner with the greenhouse design but also the RYAP on the job training.”

But new programs take money. In December of 2022, it was announced that the Harrisburg School District (HSD) was one of 17 schools in the state to receive a career and technical grant. The high school's share - \$250,000.

“The school was awarded the \$250,000 CTE Innovative Equipment Grant to fund a modern horticulture facility. It would be a professional greenhouse aligned to urban farming and landscape operations. The greenhouse would include a FarmBot and aquaponics operations and would be built on the west side of the school. Also included was a \$35,000 Start Today RYAP Grant to launch a RYAP in South Dakota for learners 16 and

## Harrisburg Ace Hardware to Host Community Blood Drive

Harrisburg Ace Hardware will host blood drive Monday, October 2 between 9:00 a.m. to 12:00 p.m. and 1:30 p.m. and 5:00 p.m. Donors can schedule their donation by logging onto [www.cbblifeblood.org](http://www.cbblifeblood.org), selecting October 2 or call 605-331-3222. Walk-ins are welcome, appointments are preferred. All who donate receives a \$10 Subway gift card as a thank you.

“Keeping up with the demand for blood is a process that never ends. Each day we see traumas, prepare for scheduled surgeries, treat cancer patients, and strength the blood supply for the unexpected,” states Ken Versteeg, Executive Director, Community Blood Bank. “Having donors come out to blood drive events is the most important aspect for our organization. Without volunteers coming forward to donate, we cannot secure a strong blood supply to keep up with demands. In 30 minutes a person will provide life to 3 patients. Consider taking 30 minutes on Monday, October 2 to save community patients' lives.”

Donors must be at least 17 years old (16 years old with a signed parent consent form found at [www.cbblifeblood.org](http://www.cbblifeblood.org)), weigh 110 lbs or more and be in good general health the day of the donation. Please bring an I.D. It is recommended that a person eat and drink plenty of fluid prior to donating. For more information log onto [www.cbblifeblood.org](http://www.cbblifeblood.org) or call Community Blood Bank at (605) 331-3222. Community Blood Banks is a nonprofit, cooperative of Sanford Medical Center and Avera McKennan Hospital. Community Blood Bank is not associated with any other blood bank organization. A person can donate blood every 56 days.

# First C-Hawk Community Hall of Fame Cross Country Sets Four More Personal Records

The C-hawk Community Hall of Fame seeks to recognize the accomplishments and outstanding character of individuals in the four areas of Academics/Achievement, Fine Arts, Athletics, and Distinguished Service.

**E.O. Lawrence (Academics)**

E.O. Lawrence was a world-renowned Physicist, Nobel Prize Winner, and inventor of the cyclotron. Lawrence was recently portrayed in the Hollywood blockbuster movie, Oppenheimer.

**Helen & Murray Rowe (Distinguished Service)**

Murray and Helen are well known as the heart and soul of the Canton C-hawk community. Their generous support and unwavering service shine as an example for others of what it means to be a C-hawk.

**1963 Football Team (Athletics)**

The 1963 Football team was Canton's first State Championship football team. The undefeated squad was honored by the sport's writers who selected champions at the time.

Members of the team were: (First row) L. Myers, S. Hammer, J. Bjorneberg, B. Thies, D. Nelson, R. Hines, B. Zellhoefer, R. Bong, G. Kiesland and D. Brenden. (Second row) C. Van Bockern, D. Fodness, J. Eidsness, W. Frick, C. Johnson, K. Levene, D. Suter, J. Espeland, D. Dittberner and S. Freeman. (Third row) R. Johnson, B. Anderson, J. Glenn, J. Suter, D. Hammer, G. Hill, S. Grove, D. Tupper, I. Nichols, and D. Martin. (Fourth row) B. Bogue, D. Vander Sluis, J. Lounsberry, G. Thompson, L. Yelinek, B. Orstad, R. Johnson, B. White, S. Fodness, H. Woudenberg and G. King.

**Burdell Coplan (Athletics and 1963 Football Team)**

Coach Coplan established his legendary status by building the Canton football program into a perennial powerhouse.

**Glenn Siverson (Fine Arts)**

Glenn Siverson was a band director at CHS for over 25 years. He was a member of the Band Master's Hall of Fame and was largely credited with cementing the band as a beacon of community pride.

**Arlen Hofer (Fine Arts)**

Arlen Hofer took the CHS band program to new heights, acclaimed at both the Region and State level. He maintained traditions and cultivated some of the best musicians in the state.

The C-Hawk Cross Country team traveled to Alcester to compete in the Alcester-Hudson Invite. Four more personal records were set at the meet. (Zach Bartels, Hunter Fincher, Emmit Hruby and Mykl Hastings) The girls JV team took home first place out of 7 teams.
