The Year Santa was Sick

It was Christmas Eve and Santa was sick with the present pox. Mrs. Claus called me. She then teleported me to the North Pole. I was able to use Santa's sleigh to deliver all of the presents. After, I asked Santa if he was okay. He said that I did well. Then I celebrated the victory with the elves.

By: Jax B.

Oh, oh n.n.n.NO!! Christmas is ruined! (Ring, ring, ring) What, whose calling me? "Me, yes, I guess so?" I went on an airplane. Two hours later, we were in Canada, Hawaii, and China. We went on and on through the night. Then one more house to go. I saved Christmas! One hour later, I was asleep. I woke up 999, 999, 999 days later.

By: Dean E.

One Christmas Eve Mrs. Claus called me. She said that Santa was sick. He had the candy cane cough. Then she asked if I could help. I said, "Yes!" I went in my sled to the North Pole to get ready. I took the reindeer to deliver presents. When I was done, I grabbed the candy cane cough medicine for Santa.

By: Adelyn K.

It was Christmas Eve and Santa was sick! He had the snow pox. The Grinch came and told me. The elves helped me to get to the North Pole. I rode the sleigh to give all of the children their toys. Then I rode home and played in the snow.

One Christmas, Santa came down with candy covid. Someone had to deliver the presents! People kept bragging that they would get to deliver the presents. The elves came to get me on a polar bear and asked if I could help. Then I teleported to deliver all of the presents. After I was done, I drank a cup of hot cocoa.

Me: Wow, Santa is sick but how did it happen?

Elf: Well, he had too much candy and now he has candy covid.

Me: How will I help?

Elf: It is not just you helping, lots of kids are.

Me: Ok, but I don't have a flying license.

Elf: True, but I know you can do it!

Me: Ok I got this, where are the reindeer?

Elf: Follow me!

(*On the reindeer's back and just finishing delivering all of the presents*)

Me: That was so much fun but I am exhausted!

Elf: Thank you so much for your help, I will take you home now.

I got home and went right to bed.

It was sucking me in and I was falling! PLOP! I was in the North Pole and I saw Mrs. Claus. I went to meet her. She told me the plan to deliver the presents. Also you can see people you haven't seen in a long time when you're around family. Almost every time you're around family you talk to everyone you see. To hang out with each other is what family does. Family loves each other more when they are around each other. But the most important thing about spending time with family is that you can make memories that last.

Liliana M.

The important thing about carrots for reindeer is that you hear them nay. The reindeer eat the carrots. You always hear the reindeer munch. Santa always leaves a note about how much the reindeer enjoyed them. The reindeer never eat all of them. You get rid of most of your carrots. Mom always says don't use them all. Dad does not think it is a good idea. Only give the reindeer carrots. Always leave some for the snowmen. But the most important thing about carrots for reindeer is that you hear them nay.

Cora G.

The important thing about presents is that you have to open them to see the present inside. You don't know what is inside or else it ruins the most important part. The second most important part is make sure you tell your parents Thank You. The best part about them is you get to play with them (right away)! If you want a lot of presents you have to spend time with them a lot. You have to make sure you love what they give you no matter what it is. Be thankful for what you got because you could've gotten nothing at all. Being grateful for what everybody gives you for a gift or present. You have to take some pictures with the to save the memory for a long time. At the end, you have to throw away your wrapping paper. But the most important thing about presents is that you have to open them to see the present inside.

Kaylee K.

The important thing about playing in the snow is that you put on a lot of winter clothes. You can also make snow forts and make snow angels. Stick out your tongue and eat snowflakes or just look at them. Eat snow too, well, if you can eat it. One of my favorites is going sledding and sometimes you go really fast! Also you can build a snowman and put on all the things it needs. If you play in the snow, you will be in the Christmas spirit! You can get buried in the snow if you don't get cold. Remember, always have fun and an amazing time. The best part of playing in the snow is hanging out with your friends. But the most important thing about playing in the snow is that you put on a lot of winter clothes.

Gloria M.

The important thing about Christmas music is that it's very cool. It's nice and easy to dance to. It can sometimes be relaxing. You can hear it at Christmas programs. You can hear it at church. You can hear it on the radio. You can listen to it on YouTube. You can find it on Apple Music. You can find it on your phone or iPad. But the most important thing about Christmas music is that it's very cool.

Alexis T.

The important thing about snowmobiling is that it won't get stuck in deep snow. You have to wear protective snow gear. You can also drive them on the road. You can reach up to 100 mph. Also, you can ride with friends. It is also really fun. It needs snow. It needs oil. It needs gas. But the most important thing about snowmobiling is that it won't get stuck in deep snow.

Brady E.

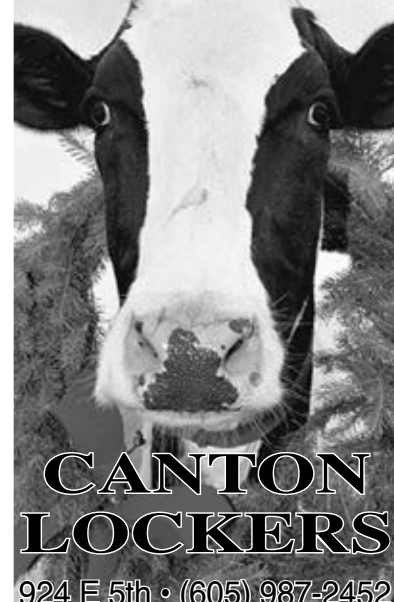

The important thing about snowmen is that they're 3 stacked snowballs. They have two buttons for eyes. A carrot for a nose. 1 button on each snowball. 10 buttons for the mouth. Add two twigs for the arms. They're outside. They have a hat on their head. They can be on the wall if it's a sticker. They can be on a mug. But the most important thing about snowmen is that they're 3 stacked snowballs.

Candy Canes

The important thing about candy canes is that they are so hard to resist. You have to beg a lot to get one. All candy canes are sweet, everyone knows that. Candy canes are fun because you can make different things. They can also be sour and cause you to make your sour face. All of them are delicious with so many flavors like skittles and nerds. They are so smooth to the touch, just so smooth. They make a snapping noise if you break them. Candy canes are colorful, pink, orange, or blue. You can also use them as decorations like hanging them on a tree. But the most important thing about candy canes is that they are so hard to resist.

Finley A.

Christmas Music

The important thing about Christmas music is that it makes people happy. Christmas caroling is fun. Jingle Bells is the best. Many instruments are used for the songs. Towns play music during the holiday at their Christmas parks. Families listen to Christmas music while driving and looking at all the Christmas lights. Christmas concerts are fun to go to. You can listen to Christmas music on TV, on your iPhone, or with an Alexa. Christmas music is usually cheerful and puts you in a good mood. But the most important thing about Christmas music is that it makes people happy.

Zachary B.

Christmas Morning

The important thing about Christmas morning is that it's the best feeling. On Christmas morning there is a lot of happiness. Waking up on Christmas morning and seeing presents under the tree brings excitement. Kids are quietly sneaking to see their presents before their parents wake up. On Christmas morning kids are waking family up by screaming "Wake up, it's Christmas!" In the morning, kids love picking out their favorite present to open first. It is lots of fun opening all the gifts. Plus, seeing all the gifts you got. Then you can spend Christmas playing with the new things. But the most important thing about Christmas morning is that it is the best feeling.

Austin B.

Snowball Fights

The important thing about snowball fights is that they are fun. Snowball fights are entertaining. During snowball fights it is usually snowing. Everyone wears coats so they don't get cold. Don't forget to wear gloves, hats, boots, and snow pants, too. Making snowballs is the most exciting part of snowball fights. Sometimes snowballs are big, but they can also be small. Snowball fights are fun because you get to throw snowballs at family. But, you can also have snowball fights with friends. After snowball fights you can go inside and have hot cocoa. But the most important thing about snowball fights is that they are fun.

Mason B.

Snowball Fights

The important thing about snowball fights is that it is a time you spend with your family. It is cold outside when you have snowball fights. The snow is falling everywhere. The snow is also wet. You get to hide from your friends so you don't get hit. There are snowballs flying all over. Throwing snow at your friends is fun. When having snowball fights you have to run in the snow. It's the best time when you're with your friends and family. But the most important thing about snowball fights is that it is a time you spend with your family.

Dylan E.

Christmas Movies

The important thing about Christmas movies is hearing Santa say, "HO, HO, HO." Frosty the Snowman is dancing with glee. The pictures in Christmas movies have beautiful colors. They have lots of catchy Christmas songs. Rudolph's nose is so bright. In some movies, the reindeer pound against the roof. Elves have jingling bells. The Grinch steals all the toys. Mrs. Claus is baking cookies. But the most important thing about Christmas movies is hearing Santa say, "HO, HO, HO."

Blaine E.

Presents

The important thing about presents is that you can get them from a family member. Some presents are from Santa Claus. They can be different sizes. Sometimes they come in a bag. They have name tags on them. Presents go under the tree. There can be toys inside. Presents are decorated with bows. Some are

wrapped with wrapping paper. You don't know what is inside. But the most important thing about presents is that you can get them from a family member.

Gavin G.

Jesus' Birth

The important thing about Jesus' birth is that there came a Savior. The night was silent. It was very dark. All the houses in Bethlehem were full. So Mary & Joseph had to go to a stable. Over the stable was the brightest star ever. All the other stars were dim. Shepherds were watching their herds and angels were singing. The wise men saw the star and they brought emeralds, frankincense, and myrrh. All prayers were answered. But the most important thing about Jesus' birth is that there came a Savior.

Oakley G.

Christmas Day

The important thing about Christmas day is that kids wake up their parents. Kids go down stairs and check the cookies and milk to see if Santa came. Families patiently wait for everyone to wake up. Then the kids open their presents and see what they got from Santa. Kids bundle up with hats, snow pants, coats, and gloves to go outside and play. On Christmas day, making a snowman and snow angels are fun to do. Pretty soon it starts to get cold outside. So go inside and cuddle up while watching a movie. Watching movies with family is so much fun. Christmas day is such an exciting day and families get worn out. But the most important thing about Christmas day is that kids wake up their parents.

Lillian H.

Christmas Trees

The important thing about Christmas trees is that you put lights on them. People usually put presents under the Christmas tree. They are usually green and the dark green is beautiful. You don't want to get caught up in them because they are prickly. Christmas trees are wonderful and pretty when you decorate them. Putting ornaments on them will make them even

better. You should put a star or angel on the tippy top of the tree. Most people put a tree skirt under their tree so if the pine needles fall off the floor doesn't get dirty. They can be big or little, it does not matter. They are occasionally pine, but they can be other types, too. But the most important thing about Christmas trees is that you put lights on them.

Reagan J.

Christmas Lights

The important thing about Christmas lights is that they are bright. Christmas lights don't make sound. Different patterns make your house unique. They bring amazement when you see the colorful lights. The lights put you in a cheerful mood when you see them. People notice your house when they drive by. They can be very colorful. You can put them to any color you would like. There are different styles of Christmas lights. Christmas lights are very pretty with all of the colors and patterns. But the most important thing about Christmas lights is that they are bright.

Kaylin K.

Elves

The important thing about elves is that they work for Santa. Santa has lots of little, happy elves. Elves feed the reindeer. They sing, "Jingle bells laughing all the way!" Elves make toys and stockings for all the boys and girls. But the most important thing about elves is that they work for Santa.

Cayden L.

Gifts

The important thing about gifts is that they have shiny bows. You put them under the tree. Sometimes the bow can be made out of cardboard. Gifts can be light or heavy. They are special to people. They can be memorable to you. Gifts can be given to people, but you also get gifts, too. They are usually wrapped in wrapping paper. They come in different sizes. Some gifts can be breakable. But the most important thing about gifts is that they have shiny bows.

Lillie M.

Staying Up Late

The important thing about trying to stay up late is that it is fun. It is fun to sneak downstairs to check what time it is. You can jump on your bed for an hour. Falling asleep in two seconds is probably something you will do.

It is fun to try and catch Santa. One thing you can do to try and stay up late is annoy your brother. You could play with toys all night. Listening to music can keep you awake. It is cool to stay up all night successfully. The most important thing about trying to stay up late is that it is fun.

Isaiah O.

Family

The important thing about family is that you decorate cookies together. Most families put up their tree together while decorating it. Some even set up Christmas inflatables together. Families go out to eat together during the holiday season. As a family, you can make popcorn and watch Christmas movies. Sometimes families visit Falls Park to look at the Christmas lights. Most families get together with other family members to celebrate Christmas. As families are decorating they listen to Christmas music. My family likes all the Christmas songs. But the most important thing about family is that you decorate cookies together.

Jackson P.

Decorations

The important thing about decorations is that there are ornaments on the tree. You also put a wreath on the door to make it look festive. Christmas lights are hung outside on your house and porch. The Christmas tree also needs some decorations so putting ornaments on the tree make it pretty. Families put candles on the table to celebrate Jesus' birth and light them on Christmas. Everybody should put an angel on their tree. To make your tree look even better you should put Christmas lights on it. You might think your tree is done, but nope you need a star. Stockings are for your little presents so make sure to put them on your fireplace. Some people put stickers on their windows to make them look good, too. Lots of people put marshmallows and whipped cream on top. But the most important thing about hot cocoa is that it burns your throat, but that's fine.

Sophia T.

Reindeer

The important thing about reindeer is that they can fly. Reindeer have giant horns that can buck you. They eat carrots a lot because they are good. Reindeer live in the freezing cold arctic. They have black hooves for the snow so their feet don't get cold. Reindeer have brown fur and it helps them stay warm. The reindeer also have jingle bells on them. They have cute babies and the babies have no horns on them. In a popular story there is a reindeer named Rudolph. Rudolph has a glowing nose. Reindeer and Rudolph help Santa deliver presents. But the most important thing about reindeer is that they can fly.

Brynlee T.

The Bethlehem Star

The important thing about the Bethlehem star is that it led people to baby Jesus. If you saw it you would think it's big. The Bethlehem star is in the movie, Christmas Chronicles. Stars on the Christmas tree represent

the Bethlehem star. The only time you can see it is at night. The star is whitish yellow. Everybody that sees it thinks it's bright. You can only see the star in the sky. Since the star was born it is always shining. But the most important thing about the Bethlehem star is that it led people to baby Jesus.

Grayson T.

Sledding

The important thing about sledding is that you NEED to have fun when you go. There are huge hills that you can go up and down. Plus when you go down the hills you go speedy fast. To make the sleds go faster you can make an oil track. Sledding gets so much fun when there are steep hills where you're at. The feeling you get going downhill makes you feel like you're on a rollercoaster. One of the worst parts about it though is when you have to climb back up the hill. Great Bear is a great place to go sledding. Sledding only gets better when you're with the family you love most. It's the best when you're driving around and find the best hill ever. Candy Canes

Candy canes are awesome to eat before baking cookies.
Are you ever tired of candy canes, I will never be tired of candy canes.
Never, ever, will candy canes get old!
Don't suck on one then put it in your hair, that is a disaster!
You can never tell me that you don't like candy canes.

Can you believe that candy canes expire after 5 years!
A candy cane can help with a sore throat.
Now candy canes are about 623 years old!
Every candy cane nowadays has different flavors.

Reindeer

Reindeer help Santa go around the world.
Every Christmas day the reindeer rest.
Into the night they fly to Santa's sleigh.
Now they fly back to the north pole.
Down the chimney in the house as Santa's reindeer, on the roof.
Every Christmas eve the reindeer fly around the world.
Every Christmas eve the reindeer get ready.
Reindeer rest, and wait for next Christmas eve.

Every time Santa comes to town
his bells ring.
Large bells ring too and they
are loud.
Loud bells ring for a long time.
Same people don't like bells.

Snow

Shimmers if light hits it correctly.
New snow is puffy and white.
Of all the precipitation, snow's
the coldest.

When snow falls, you can catch
snowflakes on your tongue.

Sleigh

So much thinking as to how
Santa got his sleigh.
Lovely red sleigh flying through
the night.

Exited as the sleighs fly by.
I know Santa's sleighs
anywhere.

Guess it's my mother puting the
fake sleigh up.

How do I feel after getting my
first sleigh??

Brynli S.

For giving to all my loved ones
Telling Santa what I want for
Christmas
Singing Christmas carols

Gaige A.

Present

People give them with a smile.
Ripping open the wrapping
paper.
Enough toys for every child.
Some aren't much but it's the
thought that counts.
Even if it's just decor it might
make a smile.
No one goes without a gift when
they are near me.
Time to open a Christmas gift
filled with love and joy.
