Hart's Battle with Breast Cancer

By: Kala Hazelhoff
 October marks Breast Cancer Awareness month. The importance of this is to promote early detection and encourage women to have regular screenings or mammograms done. Breast cancer is the most common cancer in American women, with one in eight women developing it during their lifetime.

Last March 29th, Canton resident Teisha Hart, went in for her yearly mammogram. After many ultrasounds, biopsies, and tests, learned by April 18, 2024, that she had breast cancer. They had taken ten biopsies of her right breast and three additional biopsies of her right lymph nodes. She got the call from the doctor at 8:29 am while at her job at JAM Preschool. She was getting ready to take the kids back to the classroom and with the help and hugs of Mrs. Shelley and Mrs. Jill, she was able to gather herself enough to head home. She could not focus on anything and does not remember much after the phone call. When she got home, her husband Geno greeted her, and they talked and cried together. Geno reached out to their four daughters, Jorrie, Deana, Kierra, and Kiauna to tell them the news. After an MRI and introductions to her medical team, they got a plan together. As breast cancer does run in Hart's family, she decided to have a double mastectomy.

May 20, 2024, Hart arrived at the surgical center for her mastectomy with her support team

including her husband Geno, daughters Jorrie and Kiauna, her parents Monte and Susan, and Mrs. Shelly. "Having so many people in the room before and after my surgery was just what I needed, the saying "No One Fights Alone" stands true. So many of the preschool families brought meals over, provided fuel money for the follow up appointments, and checked in often to see how I was doing, it was all very much appreciated," Hart said.

After waking up from surgery, she was informed that they found cancer, an 8mm size tumor on her left-side, and a 49 mm (7cm) on the right-side. Having the surgery was a great decision, because otherwise in a few years Hart would be fighting this all over again.

Hart is still recovering, as this has not been an easy road. She has expanders in right now, until they can get the chest wall to expand enough to receive implants. She experienced a few setbacks and an infection that placed her in the hospital for a few days over the summer.

"I have questioned myself often about the expanders, wondering if all this misery and being uncomfortable is worth it. I have been told that the implants after this is a piece of cake for recovery, so that is what I am holding onto. Praying all will be good before the end of the year for that surgery. 52 days from the beginning of the diagnosis to when she had my double mastectomy, I am still processing I HAD breast

cancer. The grief is real, I have guilt because I didn't need to go through chemo or radiation, like so many who are diagnosed. I am afraid of "what if it comes back, will I be able to fight again? The side effects of the medication I am now on are crazy, will I be able to tolerate it for 5 years like the Doctors want?" - Teisha Hart

Knowing the signs and symptoms of breast cancer can be the determining factor in an early or late diagnosis. Some of these signs and symptoms may include a new lump in a breast or underarm, thickening or swelling in a part of the breast, irritation or dimpling of breast skin, pain in nipple area, change in the size or shape of the breast, or pain in any part of the breast. Adding healthy habits into your daily life can decrease the risk of developing breast and other cancers. Early detection saves lives, is easier to treat, and if caught in the earliest stage before the cancer has a chance to spread, the five-year survival rate jumps to 99%.

Hart never felt a lump, and at her physical at the beginning of April, her Dr. did not feel the tumor on the right side during her breast exam. Without a mammogram, it would have gone undetected, because of how far back they were in the breast tissue, which would have delayed any care for her diagnosis.

"It's so important to get a yearly mammogram and checkup. Self-examination is great also, but mine we only found because of the change from last year's mammogram." -Teisha Hart

Teisha's family and friends have been a huge part of fighting breast cancer. Since breast cancer ran in her family, they decided a double mastectomy was the treatment to do.

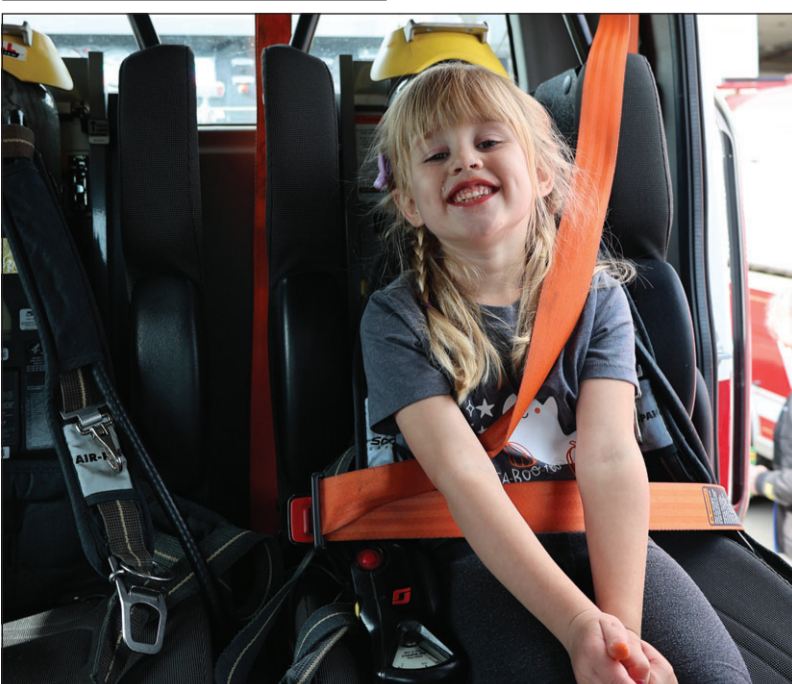

Canton Volunteer Fire Department Teaches Fire Safety; Holds Open House

The Canton Volunteer Fire Department spent last week at the Lawrence Elementary school and preschools to educate children about fire safety.

Firefighters dressed up in their fire safety gear to show students that firefighters may look scary but they are there to help. Everyone got to see all the equipment and tools on the truck. Each piece has its own spot and use in the case of an emergency.

Saturday was an open house for the community to meet the firefighters and enjoy a free lunch. Smoke alarms were available to make sure each household has the proper fire safety alarms in their home. Kids also enjoyed rides in the firetrucks which is always a big hit.

James "Jim" Lohrenz
 April 9, 1934 -
 October 5, 2024

James "Jim" Lohrenz, age 90, died Saturday, October 5, 2024 at the MN Veterans Home in Luverne, Minn. A graveside service will be held at 2:00 p.m. Tuesday, October 15, 2024 at the South Dakota Veterans Cemetery in Sioux Falls. A reception will be held at Hiawatha Golf Course in Canton following the burial.

Jim was born on April 9, 1934 in Mountain Lake, Minn. to Paul and Elizabeth (Ratzlaff) Lohrenz. He grew up in Mountain Lake and graduated from Mountain Lake High School. From 1954-1957, Jim served

his country as a member of the US Navy, sailing on the USS Saratoga. While working at Osborn Labs, Jim was introduced to a co-worker named Nancy. They were married on May 12, 1975 in Sioux Falls. The couple made their home in Canton, SD where Jim's children, Jeff and Barb, joined Nancy's daughter, Sarah, to make their family of 5 complete. Jim and Nancy moved to Sioux Falls in 2018.

Jim was a workaholic who sold veterinary supplies and animal health products, most recently for TechMix, until a fall forced him to retire in November of 2023. When he was not working, Jim enjoyed golfing, fishing, hunting, going to the cabin at Leech Lake, Minn., and spending time with his family.

Jim is survived by his children, Barb (Tom) Loring, Jeff Lohrenz, and Sarah Gunther; grandchildren, Ashlee, Jason (Traci), and Jessica; 9 great-grandchildren; brother, Stan (Marge) Lohrenz; sisters, Carol McClure and Bev (Richard) Larsen; along with numerous extended relatives and friends. He was preceded in death by his parents; wife Nancy; granddaughter, Jennifer Loring; brother-in-law, Paul McClure; and beloved dog, Maggie. www.andersonandsonsfh.com

Southtown Commentary

By Pastor Jerry Miller

Worried About Hell?

I enjoy welding. It is amazing how someone can take a cutting torch, a welder, and an old piece of metal and make it into something useful. I have learned however that I need to be careful working with the metal because it gets very hot.

I know all too well, the discomfort and suffering that hot molten metal can produce. I once had a piece fall through a hole in my pant leg. Next it entered my boot and burnt through my sock to cause a painful wound on the top of my foot. As funny as it may have been to watch me quickly kick my boot off, I realize that the pain of extreme heat and fire is no laughing matter.

What happened to me was just a minor inconvenience. My experience is nothing compared to an eternity in the lake of fire. "And if anyone's name was not found written in the book of life, he was thrown into the lake of fire." (Revelation 20:15) As careful as I want to be when using the welder and cutting torch, I want to be even more careful not to end up in the lake of fire because I did not listen to God.

John 3:16 tells us, "For God so loved the world, that he gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life." I want to have eternal life with Jesus rather than an eternity in the lake of fire. When I was younger, I used to wonder about what would happen if my name were not written in the book of life. What if I did end up in the lake of fire?

Before I was 10 years old, I decided to read the Bible every day. As I read it, I found out how wonderful God really is. I realized he was all powerful

and had created everything. I also realized how much he loves us. The more I learned about the love of Jesus, the more I wanted to serve him.

Eventually, I concluded that even if he sent me to hell, I would still want to be faithful to him. That is how wonderful God is. Soon I was more focused on Jesus than I was on my fear of hell. At that point I realized that my love for God was an even stronger motivator than my fear of hell.

It is rational for man to fear hell. The eternal punishment for rejecting Christ is not something to be taken lightly. But if our only motivation for our actions is to avoid discomfort for ourselves then we are actually acting in selfishness. If our motivation for our actions is the benefit of someone else, then we are acting in love. The first and greatest command is to love the Lord our God with all our heart, soul, and mind.

That love is evidence that we really have believed on Jesus Christ who is God in the flesh. No wonder Jesus said, "All that the Father gives Me shall come to Me, and the one who comes to Me I will certainly not cast out." (John 6:37) Knowing that Jesus promised that he would not cast me out, assures me that I do not have to worry about the hell of the lake of fire. My assurance of not having to go to the lake of fire, is not because I always do all the right things, but because I love and serve the perfect master. Because I love and serve him, I do want to do his will. Because he loves me, he made a way for me to be forgiven. www.southtownchurch.com

Biden-Harris Inflation Crisis Leaves Americans Falling Behind

By Sen. John Thune

According to the Congressional Joint Economic Committee, it costs a typical family \$13,327 more per year to maintain the same standard of living it had at the beginning of the Biden-Harris administration. That's a staggering increase for the same goods and services in the span of less than four years, and Americans are the ones bearing the brunt of this sticker shock, as the price of groceries spiked 22 percent, shelter costs went up 23 percent, and energy prices grew by 34 percent, among other necessities. And the reason costs are so much higher today is because of Washington Democrats' addiction to reckless spending.

Eager to begin implementing their big government agenda, Democrats seized on the pandemic as an excuse to spend \$1.9 trillion on their so-called American Rescue Plan in 2021. They ignored warnings that the bill was too big and that it could "set off inflationary pressures of a kind we have not seen in a generation," and they pushed the bill ahead with Vice President Harris casting critical tie-breaking votes. As predicted, inflation began to accelerate almost immediately.

The Biden-Harris inflation crisis is a classic case of too many dollars chasing too few goods. Democrats flooded our economy with their reckless spending, and inflation began to climb as a result. It kept on climbing for years, reaching a 40-year high and causing untold economic pain across the country.

But this inflation crisis did not deter Democrats. In fact, as inflation was soaring, the Biden-Harris

administration was actually trying to force through yet another reckless taxing-and-spending spree, this time with a massive \$3.5 trillion price tag. One can only imagine how much worse inflation would have been had this bill passed.

For the last few years, the American people have been paying more and getting less. They have had to put more on their credit cards and dip into their savings. Others put off necessities and niceties to make ends meet. How many Americans had to lower their standard of living because of higher costs? How many car repairs, family vacations, or braces for the kids had to be put off because of inflation?

Then there's the additional economic pain of rate hikes the Federal Reserve was forced to impose to deal with the Biden-Harris inflation crisis. Those rate hikes meant higher credit card interest rates, higher rates for car loans, and higher mortgage rates. Americans who had to put more on their credit cards to deal with high food or energy prices are now facing increased challenges paying off that debt. Other Americans are finding the American dream of homeownership out of their reach, facing elevated mortgage rates on top of already staggering home prices.

When the history of the Biden-Harris administration is written, I suspect it will be defined by the historic inflation crisis caused by its reckless spending. Years of elevated prices have taken a toll on Americans' budgets, and I fear those effects may linger. Americans simply cannot afford another reckless taxing-and-spending spree.

Relief and Recovery

By Rep. Dusty Johnson
BIG Update

FEMA does not and should not use disaster funds for illegal immigrants. There are separate funds and funding sources for both the Disaster Relief Fund and the Shelter and Services Program for migrants. While this separation exists, Congress should ensure that there is no crossover of these funds. Funding designated for Americans' disaster relief should not be used to mitigate a crisis that could be prevented by stricter border policies.

Natural disasters like hurricanes Helene and Milton are plaguing American communities. Families facing unspeakable devastation should not have to wonder if FEMA will run out of resources for recovery because it was instead used to support illegal immigrant programs.

BIG Idea

Call to Freedom serves victims and survivors of human trafficking and sex trafficking in South Dakota. Their work focuses on bringing healing and support to these individuals who have faced terrible trauma. The organization is on track to serve more than 600 individuals this year and has helped people from 61 of South Dakota's 66 counties.

I joined Call to Freedom's ninth annual CommUnity breakfast to hear about the impact the organization is making. There was record attendance – 1,300 people gathered to help support their mission.

BIG News

Earlier this week, South Dakota identified and removed 273 non-citizens from its voter rolls. While non-citizens aren't allowed to vote in federal elections, there has been growing concern about registered voters who aren't American citizens influencing our federal elections. I've been a leader on the SAVE Act in Congress to ensure non-citizens aren't able to register in the first place. Safeguarding our elections is imperative in making sure Americans can trust the process.

I'm supporting other initiatives to bolster election security like requiring a valid photo ID to vote. Voting is an essential pillar of our democracy—every vote counts. Congress must take steps to ensure no one is voting improperly, like casting multiple ballots, voting in the wrong location, or filling out someone else's ballot. A fair and accurate election system is critical to ensuring the success of our democracy.

MEMORY LANE

2014
 The Canton Volunteer Fire Department firefighters had a busy week in Canton as they took to the school hallways and helped teach preschoolers and elementary students at Lawrence Elementary about fire safety. From teacher contests on who could dress in turnout gear first to tours of Canton's newest pumper/rescue rig, there was plenty of activity. Firefighters take time out many times through the year for rescue situations, logging many hours this year with the massive flooding.

1999
 Monday, Oct. 18, to discuss the dust issue involving the local elevator. Erickson and Mulder came to an agreement in which the City of Canton will provide portable water and a sprayer will be provided by the elevator to keep the roads by the elevator wet to hold down the dust. The city will implement this process for a time, hoping to solve the problem.

1899
 It is finally settled that President McKinley is to visit our state but we regret that Canton is not to be included in the itinerary. We are unable to say just why powers that be have arranged to prevent the president from seeing the best portion of our state, that part of the Big Sioux Valley from Canton to Elk Point.

E. C. Firris is erecting an elegant home on west Fifth Street and Homer DeNure has a new house all ready completed on West Fourth Street. The new residences are becoming so numerous that it is difficult to keep track of them all.

It is now the firm of Brown and Brown, lawyers, Harry Brown having been admitted to partnership with his father, A. R. Brown, our states attorney.

Rev C. E. Matteson was assigned to the Canton church for another, the fourth, year and the assignment gives general satisfaction not only to the public generally.

William "Bill" Kahout, president of K-Products in Orange City, Iowa and Ray Roberts, secretary-treasurer of Coilcraft, INC. of Gary, Illinois in a joint announcement last Thursday announced the sale of the Otis Radis Division plan building to K-Products.

The Lincoln County Sheriff's office reports that a 250 pound heifer calf on the Herry Wildeboer farm

HISTORY REVISITED

Autumn Poetry Edition

By Gaynor Johnson

I wrote the following poem back in late September. I had no idea where it was going when I started it. It just unfolded and before I knew it, I had completed this long epic (or maybe not) tale concerning four characters that came out of nowhere. It could have been a dream that I was remembering or maybe the result of some tainted food I had consumed. I may never know. So, happy reading and I hope you enjoy it.

An Old Man Ponders Life and the Changing of the Seasons On a Late September Stroll

the skies were partly cloudy
and there was a chill in the air
as October knocked on our door
Summer had her bags packed
and was ready for some down time
she was heading south of the
equator
to visit her cousin
who worked for the Southern
Hemisphere
Seasonal Weather Division of Mother
Earth Enterprises
and had recently been promoted

as I went for my daily stroll around
Canton
I noticed Prof. Autumn
who was turning on the switches
of every tree in town
so that their colors
would soon bedazzle us
and out in the country
the Harvest Brothers
were checking the oil in their
combines
preparing for some
long days
and nights

this yearly ritual
always makes me look back
on what I accomplished
or failed to accomplish
over the Summer
which always seems to fly by
like a jet plane
through our vast prairie skies
leaving in it's wake
a long white trail that soon fades
away

I can't help but think
about what comes after
Prof. Autumn finishes his work
and prepares to hand over the keys
to Old Man Winter
who is always full of surprises
and new ways to
make life miserable for us
who stay and not journey south
to Arizona
or Texas,
Florida
or some other place
where blizzards are unheard of

meanwhile
my stroll takes me by
our brand new swimming pool
that was years in the making
is finally opened on one hot
Saturday afternoon for a few hours
to test things out

this brings a smile to my face
knowing that in just eight or nine
months
Summer will return
and this new pool
will offer a cool place to be
on a hot July afternoon
as the sound of happy children
fills the air

it also brings back happy memories
of my youth
living just three blocks away
from our old swimming pool
that was built in the mid 1950's
this is where we all gathered
with our friends to swim, dive
frolic and sometimes get into trouble

I stop and close my eyes
and remember those good times
when I would hop on my bike
and head there to spend the day
in pure Summer bliss
no school
no teachers
no homework
just me
and my friends
and
life was good

as my stroll takes me further on
I encounter a Magic Bird
that are very rare in Canton
he tells me his name is Rick
and that he wants me to know
that he has a lot of good things
planned for us
and that he had been in touch
with Old Man Winter
who had told him
that he would go easy on us
this year
and that
yes,
we would have a white Christmas

as Rick flew away he sang
a beautiful song
that filled my heart
with glee
it went something like this....
don't worry
don't be in a hurry
life will unfold as it will
just keep your mind focused
avoid all the hocus-pocus
and don't fret
what's over the hill

be kind and be good
help your neighbor chop wood
and always leave those you love
with a smile
and if things turn bad
just remember
that good times you've had
and know they will return
in a while
this life is a gift
live all you can lift
and the love you give out
will be returned
there is no doubt
in
the end

Canton Library News

Tracey Zylstra, Librarian

As the seasons change, we want to make certain you are aware of all the programming we offer here at the Library. Storytime for preschoolers is held every Wednesday morning, and we offer an adult movie matinee on Wednesday afternoon at 1:00 pm. Our LEGO club meets on Thursday afternoons at 3:45 and all ages are welcome to unleash their creativity with blocks. We will be offering an adult reading challenge soon, and the Prairie Threads Quilt Guild will be offering a display of their fall creations. The staff here at the Library is grateful for the ongoing support we receive from our patrons, and the sweet treats they share with us. We all believe we have the best job in the world! Stop by the Library and "check it out"!

ADULT FICTION

Pumpkin Spice Puppy by Laurien Berenson. Melanie Travis is investigating the death of pet supply store, when she finds an extensive list of suspects who had the motive to kill him.

The Sister's Search by Susan Page Davis (LP). Molly Weaver and her widowed mother embark on an arduous journey at the end of the Civil War, looking for her missing brother. What they find when they reach his ranch in Texas is dangerous and it threatens to disrupt everything, they thought they knew.

Deadly Waters by Dot Hutchison. The bodies of two young men are found in alligator-infested waters in Florida. Both men belonged to the same fraternity and had reputations of being unkind to women. Is there a vigilante on campus, someone determined to save female students from horrible crimes.

The Pact by Roberta Kagan. In Austria in 1929, three little girls make a pact to be blood sisters for life. Then World War II tests their friendship as their social differences become real.

The Boyfriend by Freida McFadden. Sydney Shaw has met the man of her dreams. But after the death of a young woman with nothing known about her assailant except that he dates his victims before he kills them, she cannot shake the horrifying suspicions she's feeling about her new beau.

Lies He Told Me by James Patterson. An attorney and mother of two discovers her husband's secret life, and it could be deadly to all of them.

How to Kiss Your Best Friend by Jenny Proctor (LP). After returning to her hometown, and her best friend from years gone by, Kate Fletcher finds that a once one-sided attraction has turned into something more. If they cross that line, can the two make the relationship work, or will they be lost to each other forever?

The Last One at the Wedding by Jason Rekulak. A breathtaking work of suspense about a father trying to save his daughter from a life-altering decision that will put everything he loves on the line.

Triangle by Danielle Steel (LP). A young woman living in Paris is looking for the love of her life. She reconnects with an old flame from her college days, and a dashing publisher, whom she soon learns is married. She begins receiving threatening phone calls at night, and realizes she is in grave danger.

Vote smART for our cultural future

By Jim Speirs, Executive Director, Arts South Dakota

The future of South Dakota's creative environment, cultural education opportunities and professional arts careers is shaped by decisions made in Pierre and Washington, DC. On November 5, your vote for candidates who care about the arts will be one of the most important advocacy steps you can take.

That is why each of us needs to get out and vote! The arts in South Dakota help make us who we are as a people. We encourage everyone who cares about creativity and the arts to be active citizens. Together we can forge strong and supportive arts policy in South Dakota and in the nation's capital—if we vote for the people who care about our cultural heritage AND future.

In September, Arts South Dakota sent a survey to all candidates for state legislature, governor and the U.S. House of Representatives in an effort to understand their positions on arts related issues. Our purpose was to provide information that you can access through our website, artsouthdakota.org. The candidate survey tab on our site gives you the opportunity to read the responses of South Dakotans running for office. We hope you will find this information useful as one factor in casting your vote for arts-aware candidates next month.

A healthy arts ecosystem must have the support of its political leaders. By asking the position of each candidate on arts related issues, we're making it clear that one way a candidate can earn your vote is to support the arts in South Dakota.

YOUR vote is an essential element in building a stronger creative community in your hometown and all across our state. By casting your

vote along with your neighbors you make a bold statement to candidates and elected officials about the importance of the arts in South Dakota.

To learn more about candidate views and arts advocacy, visit us at the Arts South Dakota website, www.artssouthdakota.org and Vote smART! on November 5.

Happy Birthday!

ROOSTER!

By: Gov. Kristi Noem
October 11, 2024

There's a call that you'll hear across much of South Dakota over the next several months. It doesn't sound like a bird, though it's all about one. The shout of "ROOSTER!" will ring out in fields and ditches, just like it does every fall into the early winter.

One thing will be different this year: you'll hear "ROOSTER!" even more than in recent memory.

The Resident Only pheasant season starts the morning of October 12, and the traditional pheasant season starts a week later on October 19. This season, we are looking forward to more pheasants than we've had in years – maybe ever.

For the past several years, my administration has promoted pheasant habitat, increased hunting access, and we've harvested predators who eat our state bird. We had a mild winter and sufficient moisture across the primary pheasant range, so that habitat is flourishing. All of these efforts are

pointing to large pheasant numbers across the state!

The word is getting out. Small game license sales are through the roof. South Dakotans and our visitors alike know that our state is the best place in the world to hunt pheasants. After all, it's ingrained in our way of life.

From a very young age, I hunted pheasants with my family. My grandma Dorris took me out on those very first few trips. While my grandkids are not nearly old enough to hunt themselves, it's never too early for them to fall in love with chasing birds.

If you're a South Dakotan and reading this, I hope you have an opportunity to get out in the field, enjoy the fresh air, spend time with loved-ones, and hunt our state bird. And if you're not from our state (what's taking you so long?), I hope you'll come visit us and share this fantastic experience. It truly is a pastime like no other.

God bless, and happy hunting! I hope you shout "ROOSTER!" 'til you lose your voice.

Windmill Of My Mind

by Margaret Schultz

When I was growing up, the toilet was referred to as "the commode". After I married Bob and moved to Chicago, I learned that everyone but me called it "toilet". Where on earth is she going with this, you may be asking yourself? I hope you are not too "flushed" to continue reading, because I have no other ideas for this week's tissue, I mean "issue" of the paper.

Boy, am I on a roll or what? Anyway, based on the use of the term commode or bathroom commode, I found this extremely funny. I hope it makes you chuckle.

My friend is a rather old-fashioned lady, always quite delicate and elegant, especially in language. She and her husband were planning a week's vacation in Florida, so she wrote to a particular campground and asked for a reservation. She wanted to make sure the campground was fully equipped, but didn't know how to ask about the toilet facilities. She couldn't bring herself to write the word "toilet" in her letter. After much deliberation, she finally came up with the old-fashioned term, "bathroom commode."

But when she wrote that down, she still thought she was being too forward. So she started all over again, rewrote the entire letter and referred to the bathroom commode merely as the "B.C." "Does the campground have its own B.C. is what she actually wrote. Well, the campground owner wasn't old-fashioned at all and when he got the letter, he just couldn't figure out what the woman was talking about. That "B.C." really stumped him. After worrying about it for a while, he showed the letter to several campers, but they couldn't imagine what the lady meant either. So, the campground owner, finally coming to the conclusion that the lady must be asking about the location of the

Baptist Church, sat down and wrote the following reply:

Dear Madam,

I regret very much the delay in answering your letter, but I now take the pleasure of informing you that a B.C. is located 9 miles north of the campground, and is capable of seating 250 people at one time. It is located in a beautiful pine grove and is opened only on Sundays and Wednesdays. I admit it is quite a distance away if you are in the habit of going regularly, but no doubt you will be pleased to know that a great number of people take their lunches along and make a day of it. They usually arrive early and stay late. My daughter met her husband in the B.C. The last time my wife and I went was six years ago, and it was so crowded we had to stand up the whole time we were there. Sometimes, it is so crowded, there are 5 to a seat. It may interest you to know that right now there is a supper planned to raise money to buy more seats. They're going to hold it in the basement of the B.C. I would like to say it pains me very much not to be able to go more regularly, but it is surely not due to lack of desire on my part. As we grow older, it seems to be more of an effort, particularly in the cold weather. If you decide to come down to our campground, perhaps I could go with you for the first time you go, sit with you and introduce you to all the older folks. We will be sure to have a seat up in the front where you can be seen by everyone. Remember, we are a friendly community.

Sincerely yours, (The campground owner).

Well, what did you think? Funny or just plain silly? In light of all the ugly things going on in our world, I thought we could just use a little light-hearted laughter.

Ladies Night

It's once again time to start planning Bomgaars Ladies Night for the Canton, SD Bomgaars Store! A night of Festive Fun & Fall Shopping!

For the past eight years, Bomgaars has held a Ladies Night in the Fall / Winter. During this one evening, 5% of the total sales has been donated to cancer centers / hospitals / women's organizations in the communities we serve. The first year we were able to donate over \$18,000 to the 21 locations participating, last year, we were able to donate just over \$161,055 to 180 locations!

The 2024 Bomgaars Ladies Night is set for, November 3rd, 2024 - 5 PM - 8 PM in all 181 Locations!!!

After investigating and going thru lists of possible organizations, we would like, Sanford Canton-Inwood Medical Center, to be a recipient in your community.

What does this mean?

Sanford Canton-Inwood Medical Center will be receiving a donation check from Bomgaars in December 2024!!! The donation is based on the total sales of Ladies Night in the local Bomgaars Store.

Bomgaars endeavors to make this event special for the ladies with a discount and giveaways.

Make plans to attend this special event. Canton, SD Bomgaars Store - Sunday, November 3rd, 2024 from 5 PM - 8 PM.

Financial Focus

Take advantage of open enrollment

If you work for a midsize or large company, you may soon be able to review your employee benefits package, as we are entering the open enrollment season. So, consider your options carefully, with an eye toward making changes appropriate for your needs.

Here are some of the key areas to look at:

• **Retirement plan** – Depending on your employer, you could change your 401(k) or similar retirement plan at any time of the year, but you might want to use the open enrollment season to review your contribution amounts. If your salary has gone up over the past year, you might want to boost your pre-tax contributions (including catch-up contributions beginning at age 50). At a minimum, try to put in at least enough to earn your employer's match, if one is offered. At the same time, look over how your contributions are allocated among the various investment options

in your plan. You'll want your investment mix to reflect your goals, risk tolerance and time horizon.

• **Life insurance** – If your employer offers group life insurance at no cost as an employee benefit, you may want to take it – but be aware that it might not be enough to fully protect your family should anything happen to you. You may have heard that you need about seven to 10 times your annual income as a life insurance death benefit, but there's really no one right answer for everyone. Instead, you should evaluate various factors — including your mortgage, your income, your spouse's income (if applicable), your liabilities, the number of years until your retirement, number of children and their future educational needs — to determine how much insurance you need. If your employer's group policy seems insufficient, you may want to consider adding some outside coverage.

• **Disability insurance** – Your

employer may offer no-cost group disability insurance, but as is the case with life insurance, it might not be sufficient to adequately protect your income in case you become temporarily or permanently disabled. In fact, many employer-sponsored disability plans only cover a short period, such as five years, so to gain longer coverage up to age 65, you may want to look for a separate personal policy. Disability policies vary widely in premium costs and benefits, so you'll want to do some comparison shopping with several insurance companies.

• **Flexible spending account** – A flexible spending account (FSA) lets you contribute up to \$3,200 pre-tax dollars to pay for some out-of-pocket medical costs, such as prescriptions and insurance copayments and deductibles. You decide how much you want to put into your FSA, up to the 2025 limit. You generally must use up the funds in your FSA by the end of the calendar year, but your employer may grant you an extension of 2½ months or allow you to carry over up to \$640.

• **Health savings account** – Like an FSA, a health savings account (HSA) lets you use pre-tax dollars to pay out-of-pocket medical costs. Unlike an FSA, though, your unused HSA contributions will carry over to the next year. Also, an HSA allows you take withdrawals, though they may be assessed a 10% penalty. To contribute to an HSA, you need to participate in a high-deductible health insurance plan.

Make the most of your benefits package — it can be a big part of your overall financial picture.

This was another lively bar that put out a lot of entertainment. This 2007 ad was for the former Marle Hammon big station on highway 18. They told of a dance, Christmas party and a New Years Bash party.

However, this place was also a gas station having the famous Genex Brands. The station portion on east end was also sponsoring a donation drive for this area's club used to do for many years.

C-Hawks Fall to Dell Rapids Put Record to 3-4

The Canton C-Hawk football team traveled to Dell Rapids on Friday night and were defeated 62-22 to fall to 3-4 and now they host Madison on Friday night with a kickoff at 7:00pm. Madison comes into the game with a 4-3 record with wins over Belle Fourche, Custer, Vermillion and Tri Valley and suffered a loss to SF Christian, Lennox and Dell Rapids.

Canton started the game on defense and they would force a punt after a 3rd down pass was knocked down by Jace Charrlin giving the Hawks the ball at the 34 yard line. Keyvin Strand made a 14 yard gain putting the ball in the Quarriers territory and then 2 plays later Cain Wallner took the snap and headed right and got around everyone and out ran everyone for a 45 yard touchdown and with Salvador Lopez extra point kick the Hawks got out to a 7-0 lead at 8:03.

11 yards behind a good block from Jacob Rupe and Tyler Lease for a 1st down. Wallner then kept the ball as he lined up at QB for a 13 yard gain moving the ball to the DR 35 and then Strand powered ahead for 11 yards but after a Granum 4 yard run gave the Hawks a 4th-6 at the 20 bringing in Lopez to attempt a field goal. Lopez lined it up and kicked it right thru the middle for the 3 point kick with a 37 yard field goal making the score 21-10 with 2:09 left in the 2nd. On the kickoff the Quarriers got the ball and ran up field and got stopped but not tackled and he pitched the ball out to a teammate and he finished the 68 yard touchdown kickoff and with the extra point they took a 28-10 lead into halftime.

Canton started the 3rd quarter with the ball and they were called for holding at the 26 moving them back to the 10 and on the next

tackles and found open field and scored a 55 yard touchdown and the extra point was good making the score 48-16 with 2:27 left in the 3rd. The Hawks got the ball at the 45 yard line after a good return from Charrlin and after a pass from Rhead to Granum gained the Hawks 24 yards as they moved into DR territory at the 33 with the 3rd quarter ending with Canton trailing 48-16.

The Hawks opened up the 4th with a pass play as Rhead found Granum coming across the field and hit him for the 33 yard touchdown pass play and the extra point was no good making the score 48-22 five seconds into the quarter. DR didn't waste time to get into the endzone as they only took :50 as they ran a play out right and cut up field and out ran all the defenders for the 55 yard touchdown run and with the extra point the score went to 55-22. Too many incomplete pass stopped the Hawks next series after a 12 yard pass from Rhead to Granum but they turned the ball over at the 43. The Quarriers moved into the Hawks side of the field after a long run down to the Hawks 35 then down to the 10 yards line with the help of more missed tackles then they ended the game with a 12 yard touchdown run around the end and with the extra point the game ended with DR winning 62-22 for the Hawks 4 straight loss giving up over 40 points a game.

Team Stats:

First Downs- Canton 15 (12 run, 3 pass), DR 15 (14 run, 1 pass)
 Rushing- Canton 33/244, DR 36/407
 Passing- Canton 9/29 for 98, DR 1/3 47
 Total offense- Canton 342, DR 454
 Penalties- Canton 4/25, DR 5/25

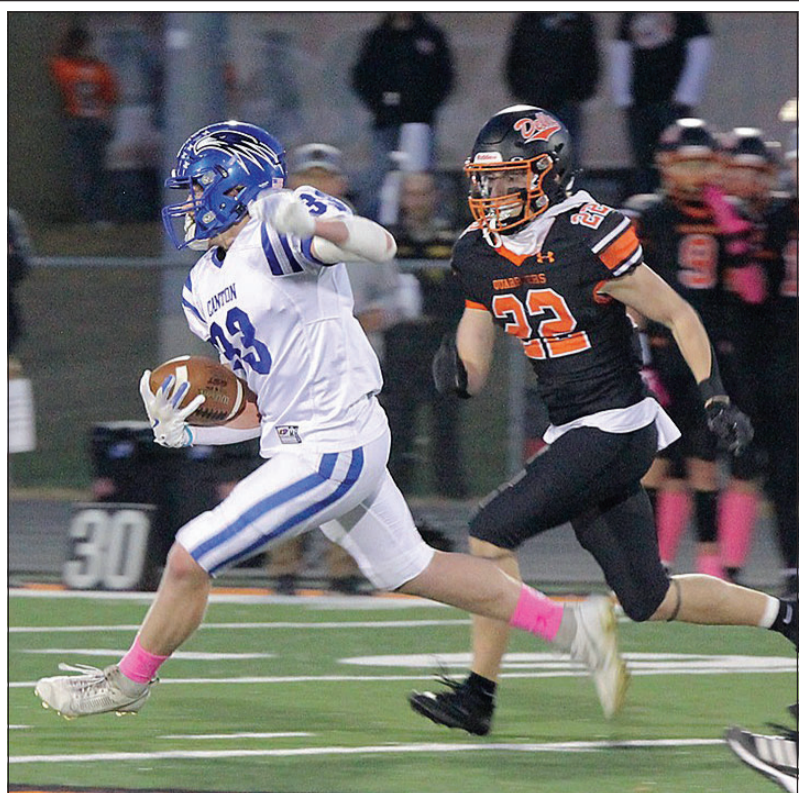

Individual Stats:

Rushing- Wallner 11/100, Granum 8/53, Strand 7/46, Rhead 4/25, Logen Jensen 1/10, Aiden Schrempp 2/10
 Passing- Rhead 7 of 25 for 100, Wallner 2/4 for -2
 Receiving- Granum 3/69, Wallner 4/31, Rhead 2/-2
 Scoring- Wallner 6, Granum 6, Strand 6, Lopez 4
 Punts- Strand- 2/20.5 avg
 Kickoffs- Lopez 5/39.8 avg
 Kickoff returns- Schrempp 2/29, Charrlin 5/27, Strand 2/24, Landon Hill 1/10
 Tackles- Strand 9, Wallner 8, Granum 6, Bentley Aasheim 5, Richmond 4, Tyler Rozeboom 4, Andrew Ortman 3, Larson 3, John Anderson 3, Schrempp 2, Daniel Langerock 2, Charrlin 1, Dominisse 1, Taysn Ocgenga 1, Rupe 1
 Tackles for loss- Strand 1, Granum 1, Anderson 1, Richmond .5, Langerock .5
 Passes Defensed- Charrlin 1, Dominisse 1
 Truck- Granum

play they fumbled the ball and DR picked up the loose ball and ran it back into the endzone for the 10 yard touchdown making the score 34-10 at 11:10. Canton would get started on the 37 yard line and runs by Granum and Alex Rhead got the Hawks into DR territory at the 41 and Granum took the handoff and ran for 33 yards on a reverse and then from the 10 Strand took the handoff and followed Rupe, Cam Winter and Hunter Richmond up the gut and powered into the endzone for the 10 yard touchdown making the score 34-16 with 8:39 left in the 3rd. The Quarriers didn't waste anytime as they got around the outside and out ran the entire defense for a 65 yard touchdown run :14 later than the Hawks score and with the extra point they made the score 41-16. Canton moved into DR territory after Rhead hit Wallner for a couple pass plays down to the 43 but incomplete passes and short runs brought up a 4th and 5 from the 33 but an incomplete pass turned the ball over and the Quarriers got close to midfield and from their 45 yard line they went over our right side of the defense and broke 5

Neither team would score again in the first quarter then in the 2nd Dell started at the Hawks 2 yard line and scored with a run up the gut on the first play and :05 into the 2nd they tied up the score 7-7. Canton punted the ball over to Dells and they would get a touchdown on a 66 yard run over the left side of the Hawks defense and with the extra point kick the Hawks fell behind 14-7 with 9:44 left in the 2nd. Canton threw an interception on their 3rd play and the Quarriers took over on the Canton 39 and DR tried to pass early on the drive but Landon Dominisse knocked the ball away but they ran for a first down at midfield. Rylan Larson made a good tackle to force a 4th and 3 but on the play DR faked a handoff up the gut and the quarterback dropped back and found a wide open receiver downfield and hit him with the pass for a 47 yard touchdown pass. The extra point kick was good and the Quarriers jumped out to a 21-7 lead with 6:26 left till half. Charrlin had a good kickoff return and the Hawks would start at the 39 and they used Teague Granum on the ground for 7 yards with Wallner running for

Sportstalk

By Rich Beitzel

Well that game Friday night was not as fun as I hoped for but as a lifelong C-Hawk fan you have to take the good with the not so good and that was definitely not so good. Unless you score 63 points giving up 62 is never good and there were things that I saw that are not where we should be as a football team especially because I think we should be a heck of a lot better than that game. We seemed to give up on some plays before they must of blew the whistle but Dell Rapids just kept running and scoring on the play. I know we are better than that and that you guys weren't coached like that so lets set our minds to play hard at every play and till the whistle and lets get out and play tough Friday night when Madison comes to town for our last home game of the year. I have a ton of confidence in our teams ability so lets see 10000% this week and get back on the winning football games and finish the season with 2 solid wins.

Congratulations to Carson Steffensen as he finished in 2nd place at the Class A State Golf Touney last Monday and Tuesday in Hartford just one shot behind the winner. Carson shot a 2 day total of 150 with first finishing at 149. Third place was a tie at 151 so it came down to the very end with Carson fighting all the way. On the first day Carson shot a 77 with rounds of 38 and 39 with 12 pars and one bogie and 4 bogies and one double bogie. Then on Tuesday Carson came in and started with a birdie then 3 pars followed with a bogie and 7 pars for a 36 opening round. Then he was up and down with either a bogie or birdie so on the back 9 he had 2 double bogies with one bogie but also helped himself out with 5 birdies and only one par for a 37 for a 2nd overall round of 73. Carson went from 4th place on Monday to

moving up to number 2 with a solid 73 for a two day total of 150 which is 6 over par or +6 for the touney. Carson is a sophomore so he will be back next year and ready to go. Congratulations. Also for Canton at state was Ethan Vaksdal and he finished tied for 83 as he shot a total of 206 with rounds of 105 and 101. He dropped 4 shots the 2nd day and he had 3 pars the first day with rounds of 51 and 54 then on the 2nd day he had rounds of 51 and 50 for 101 with 2 pars. Both will have a couple more years of golf in Canton so lets get more to state to battle in the team tournament too. Dakota Valley won the team title with a score of 615 followed by Vermillion at 629 along with SF Christian at 673 for 6th.

Thursday night will be senior night for our volleyball team so lets get up there and cheer them on as they play Vermillion and then on Saturday they travel to Vermillion for the Dak 12 Tournament starting real early in the morning. We are going to head into the conference touney with a 18-6 record and in the toughest tournament in the state as all the top ranked teams come from our conference in Dell Rapids, SFC, Dakota Valley, Elk Point Jefferson and you add us and that is a good group of teams so good luck to the girls at Conference. We will play Baltic on the following Tuesday for our last match till playoffs start and its in Canton so I expect a full house cheering us on as they are a solid team and beat us earlier this season 2-0 in two close games and they are 16-3 so should be a solid game and will need our help so be there.

Steffensen Runner-up at State Golf

Last week Monday and Tuesday, Ethan Vaksdal and Carson Steffensen competed in the Class A State Golf Tournament in Hartford at Central Valley Golf Course.

In his first State Tournament appearance, Ethan finished in a tie for 83rd place, improving on his first day score by four strokes.

Carson Steffensen carded a first day 77 and a second day 73 which was good enough to place him as the State Runner Up. Steffensen finished one shot behind the leader, using a back nine with five birdies to rise up the leaderboard.

Monarch Development Partners Broke Ground

Canton Economic Development Corporation teamed up with EXP Development to bring this housing development to Canton. This project has been in the works for several years to bring more housing options to grow the town. "This housing development will not only be beneficial to our local businesses, our schools but our entire community and help us grow for the futures," said Scott Larson.

This development will include single family homes and multi-family units including twin homes, row homes and villas. The goal is to have a few model homes up by the fall of 2025.

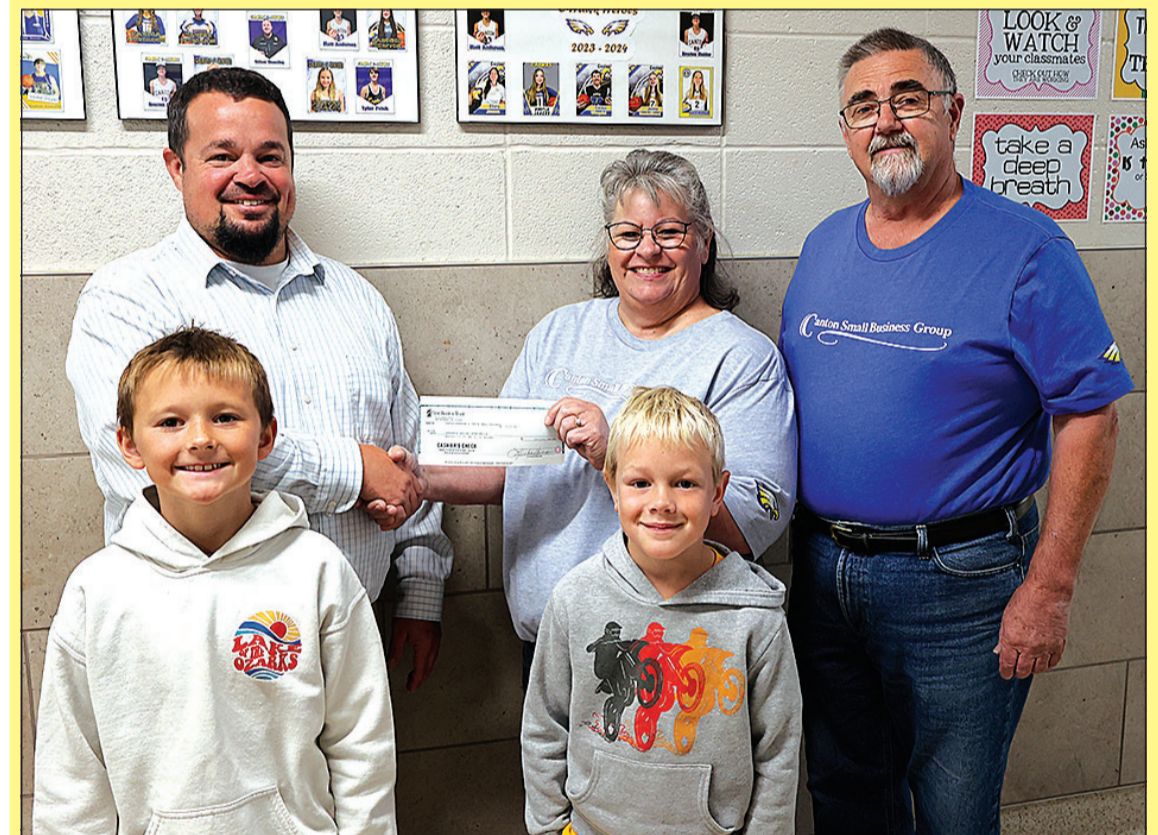

"EXP Development is profoundly pleased to partner with the Canton Economic Development Corporation and the City of Canton to present the Liberty Additions,

a community where affordability, quality, tranquility and enjoyability coalesce," said Charles Yi, owner of EXP Development.

Donation to Lawrence School

Canton Sunshine, Army National Guard and the Canton Small Business Group donated the funds raised at the Homecoming Football Tailgate to the Lawrence Elementary School literacy program. The proceeds (\$1,780) will be used to help with classroom reading incentives in the school.
