# Emmerson Battles Brain Tumor

By: Kala Hazelhoff

The Dylan and Jami Paulson family of four live on an acreage, where they enjoy spending time outdoors together. Dylan works at Eparts in Hudson, SD and Jami is a Registered Nurse at Sioux Falls Specialty Hospital. They have two children; Emmerson is a fifth grader and Oakley is a second grader. The family also attends Bethany Reformed Church here in Canton.

Their ten-year-old, Emmerson is very nurturing, a "mother hen," loves camping and playing games with her family, loves swimming and her favorite singer

Phil Wickham. In July of this year, Dylan and Jami noticed Emmerson's balance was off. They took her to their primary care doctor, as well as the eye doctor. The eye doctor noticed that the vessels in her eyes were enlarged, which indicated increased pressure in her skull. They were then referred to Pediatric Neurology but wouldn't be able to get in for an appointment for a month. After a few weeks, she started experiencing other symptoms such as confusion, a fall, and her memory getting worse. Emmerson's primary doctor ordered a CT scan of her brain, so

Emmerson was at RiseFest in Sheldon, Iowa while her favorite singer, Phil Wickham was playing "Battle Belongs".

the neurologist would have those results at their fingertips once she was able to be seen.

On the afternoon of Friday, August 16, Emmerson had another CT scan of her brain. The technician told them to wait in the waiting room and the doctor would call with the results. Since Jami has worked in healthcare for seventeen years, she knew this was not how things would normally go. Emmerson's doctor then called and said there were concerns about her CT scan, and instructed them to take her into an Emergency Room where he had informed staff they

would be bringing her in. There, they learned that Emmerson had a large mass in her brain and that they needed to emergently place an external ventricular drain to relieve the pressure in her skull. The next morning Emmerson was flown to Minnesota Children's Hospital in Minneapolis, where she would stay for the next thirty-nine days. Within that time, she had three additional surgeries, two in which they removed the brain tumor and a third to place a ventroperitoneal shunt.

# "Every Day is a Gift"

By: Kala Hazelhoff

Christmas Eve is a special day, especially for Barb Anderson, as she will turn 94 years old this year. Having a birthday on this day is a story and one she loves to tell.

Anderson is originally from Rock Valley, Iowa or "Dutch country" as she calls it, where her family was some of the only Norwegians. She was born at home with the assistance of Dr. Lock on December 24th, 1930. The doctor ended up calling for the neighbor girl who lived across the street, to come over and help deliver her. After she was born, they placed her in a basket under the Christmas tree for her older sister, Mary Alice, to find under the tree. Her younger sister by four years, Helen (Rowe), would later come along to complete their family.

She claims she was never short of birthday or Christmas gifts, but what she did not always have was a birthday cake at home on her birthday. Her father was the postmaster in Rock Valley, and her mother would be busy helping her father sort packages at the post office for Christmas on many Christmas Eves. She would have the cake after her birthday, thanks to her mother's aptitude for cooking and baking.

As a young woman, she met Warren "Speck" Anderson, who was ten years her senior. Speck

was in the 19th General Hospital unit out of Rochester, NY. He spent time in France during World War II, where his Army friends called him "Red" because of his hair color. She only knew him as Speck, due to his freckles. He was known for his remarkably high IQ, later in life realizing he should have gone into medicine but had already started his career in banking. This was a wonderful career for him over the years. When Speck needed new boots in France, the Army took the straps off and sewed new ones on, and later in life after they were married, Barb had them bronzed to display in their home. The boots are more "worn" by people looking at them, than from Speck using them. Anderson hopes to pass these boots onto the next generation of her family.

After they were married on July 12, 1951, they moved to Doon, Iowa as Speck was to work at a bank there. Later, they moved back to Rock Valley and eventually Barb moved to Canton after Speck died in 2012. The couple had six children together: Dan, Mark, Tom, Paul, Mary Kay, and Barbie. They are all about four years apart, with a twenty-year age gap from the oldest to youngest. They have all went on to have wonderful careers, after Speck told them "I can't give you all banks, but I can get you a good education."

**Notable Events That Occurred On December 25**

December 25 is Christmas Day, when billions of Christians across the globe celebrate the birth of Jesus Christ. Though Christmas is likely the first thing people think of when December 25 comes around, over the years many additional memorable and even infamous events unrelated to the holiday have taken place on this unique day on the calendar.

- 333: The Roman Emperor Constantine elevates his youngest son, Constans, to the rank of Caesar. This designation establishes Constans as Constantine's heir apparent.
- 1000: Hungary is established as a Christian kingdom by Stephen I of Hungary.
- 1046: Pope Clement crowns Henry III of Germany as Holy Roman Emperor. This decision on the part of Pope Clement frees the Vatican from dependence on the Roman nobility and lays the foundation for its authority across the empire.
- 1261: Eleven-year-old John IV Doukas Laskaris, who would be the last emperor from the prominent Laskarid dynasty that ruled the Empire of Nicea, is intentionally blinded on the orders of Michael VIII, making John IV ineligible for the throne.
- 1492: The merchant ship Santa Maria, commanded by Christopher Columbus, runs onto a reef off the coast of Haiti.
- 1758: German astronomer Johann Georg Palitzsch sights Halley's Comet, which confirms Edmund Halley's prediction of the comet's passage. The sighting marks the first passage of a comet that was predicted ahead of time.
- 1776: George Washington and the Continental Army cross the Delaware River at night. The crossing enables the army's attack on Hessian forces serving Great Britain in Trenton, New Jersey, the following day.
- 1809: American physician and pioneering surgeon Ephraim McDowell performs the first surgical removal of an ovary or ovaries. McDowell performed the surgery at his home in Danville, Kentucky, removing a 22.5-pound tumor without the use of anesthesia.

McDowell's patient, Jane Todd Crawford, made an uncomplicated recovery and lived another 32 years.

- 1826: A drunken riot at the United States Military Academy in West Point, New York, concludes a day after it began. Known as the "eggnog riot," the conflict began a day earlier and 70 cadets were implicated, with 20 of them being court-martialed. Jefferson Davis, future Confederate States President, was among the implicated cadets.
- 1831: One-fifth of Jamaica's slaves mobilize in an ultimately unsuccessful fight for freedom. The Great Jamaican Slave Revolt lasts for 11 days and involves up to 60,000 enslaved individuals.
- 1868: United States President Andrew Johnson grants unconditional pardons to all Confederate veterans in the aftermath of the American Civil War.
- 1932: Nearly 300 people are killed when a magnitude 7.6 earthquake strikes Gansu, China.
- 1950: Scottish nationalist students take the Stone of Scone from Westminster Abbey. The coronation stone of British monarchs is eventually found in Scotland in April 1951.
- 1951: Harry T. Moore is killed instantly and his wife, Harriette, is fatally wounded when a bomb explodes at the home of the Civil Rights Movement leaders in Mims, Florida. No one was ever prosecuted for the bombing and murders.
- 1986: Sixty-three people are killed when the hijacked Iraqi Airways Flight 163 crashes in Arar, Saudi Arabia. Forty passengers aboard the plane survive the ordeal, and pro-Iranian group Islamic Jihad Organization claims responsibility for the hijacking.
- 1991: Mikhail Gorbachev resigns as President of the Soviet Union. The union itself is dissolved the following day.
- 1996: The body of six-year-old American child beauty queen JonBenét Ramsey is found in her family home in Boulder, Colorado. Her death is ruled a homicide and the case remains unsolved.

**Memoir Blends Science And Nature**

At first glance, Jeff Wilkerson's memoir of science and nature, 23 Woodcock in 22 Years, seems a bit of an anomaly. The subtitle Reflections on Hunting, the Night Sky, and Our Place in the Universe seems even more incongruous.

However, Wilkerson, professor of physics at Luther College in Decorah, Iowa, masterfully blends the seemingly disparate concepts of hunting woodcock and exploring the mysteries of the universe.

Wilkerson says of the first woodcock he ever shot:

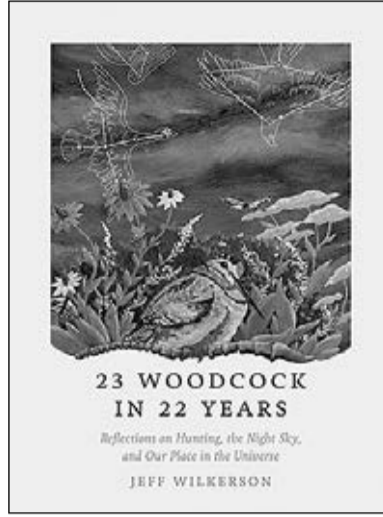

"I will bind you to the earth here and remind you of the sky above, understanding this is your home, a home stretching beyond the physical place, to a community that understands what it means to make some sort of living from the wildness around, and a home with those who study the world, using data to build models of the universe."

It's that centeredness, then, that taking a shotgun into the field and taking game, that anchors Wilkerson to terra firma so he is free to explore the universe.

Wilkerson evokes echoes of Native American philosophy when he says that when he makes a meal of a woodcock his own body is nourished, a body that eventually becomes a part of nature, feeding the woodcock of future generations.

He also makes sense of the very concept of time, of the rotation of the Earth and its journey around the sun, when he says:

"What a gift it is to be able to measure out the flow of life by year-

to-year changes in encounters with wild birds – and maybe even more, to make a living talking to people about the nature of the universe."

As he faces his own mortality toward the end of his memoir, we see that Wilkerson has indeed lived a full life – a life of hunting woodcock and exploring the universe and finding meaning in interactions with his students.

"I have measured out my life in the return to the sky of Sagittarius each spring and in the flights of wood ducks each spring and fall. I have measured out my life in digging potatoes each fall and in the arrival of each new class of students ready to begin their journeys in earnest."

Wilkerson's is a heavily philosophical book, and he offers lessons for all of us.

# HISTORY REVISITED

By Gaynor Johnson

Looking for another Christmas song to use for this weeks column I remembered an old traditional Irish carol that has been one of my favorites for quite sometime. It's called the Wexford Carol and it relates the birth of Jesus in Bethlehem.

It seems the older I get the more I enjoy these old Christmas songs, some written centuries ago. Reading a piece called The Soul of Christmas, written by Thomas Moore in 1997, I had to agree with what he said about these old songs that really capture the soul-searching spirit of the season: "Christmas has inspired carols that in many cases join extraordinary images and sentiments with good, simple tunes. With an almost in exhaustible supply of good carols from around the world, there is no reason to rely on the commercial variety, lacking in both musical substance and textual interest, which accost us everywhere during the holiday."

Happy reading and glad tidings of comfort and joy to all. And may the words of this old song help drive the cold winter away.

## The Wexford Carol

Good people all, this Christmas-time,  
Consider well and bear in mind  
What our good God for us has done  
In sending his beloved Son.

With Mary holy we should pray  
To God with love this Christmas day;  
In Bethlehem upon the morn  
There was a blessed Messiah born.

The night before that happy tide,  
The noble Virgin and her guide  
Were long time seeking up and down  
To find a lodging in the town.  
But mark how all things came to pass;  
From every door repelled alas!  
As long foretold, their refuge all  
Was but an humble ox's stall

There were three wise men from afar  
Directed by a glorious star,  
And on they wandered night and day  
Until they came where Jesus lay.  
And when they came unto that place  
Where our beloved Messiah was,  
They humbly cast them at his feet,  
With gifts of gold and incense sweet.

Near Bethlehem did shepherds keep  
Their flocks of lambs and feeding sheep;  
To whom God's angels did appear.  
Which put the shepherds in great fear.  
"Prepare and go", the angels said,  
"To Bethlehem, be not afraid;  
For there you'll find, this happy morn,  
A princely babe, sweet Jesus born.

With thankful heart and joyful mind,  
The shepherds went the babe to find,  
And as God's angel had foretold,  
They did our Savior Christ behold.  
Within a manger he was laid,  
And by his side the virgin maid,  
Attending on the Lord of life,  
Who came on earth to end all strife.

As you know the governor has proposed serious budget cuts to the South Dakota State Library, and subsequently all public libraries in South Dakota. The staff and the board of the Canton Public library want to make certain you are aware of what that could mean to our library, in particular. The cuts would affect the administration of LIBBY (our digital library), the Summer Reading Program, our interlibrary loan programming, and the training required to remain accredited and to be able to offer the programming our patrons deserve. The State Library provides multiple databases and digital resources which a public library like ours would not be able to afford. Please contact your local legislators, Kevin Jensen, Karla Lems and Richard Vasgaard, and let them know what these budget cuts mean to all of us. If you need any further information, please feel free to call the Library.

### Notable Christmas Celebrations Around The World

It's beginning to look a lot like Christmas all over the world. Christmas celebrations include various time-honored traditions that celebrants hold near and dear to their hearts. Depending on where someone lives, their Christmas traditions may look quite different from those in other parts of the globe.

It can enjoyable to learn how Christmas is celebrated elsewhere and perhaps even incorporate a few new traditions into your celebrations. Take a peek at these customs near and far.

• Seafood and beachside celebrations: Australia is located in the southern hemisphere, which means Aussies are enjoying the peak of their summer come December 25. A white Christmas is unlikely, unless the "white" refers to white, sandy beaches. Santa is probably swapping his thick coat for a pair of board shorts, and heavy, roast-laden meals are unlikely to make it

on to the menu. Instead, Australians dine on seafood feasts and spend Christmas outdoors camping or at the beach.

• Krampus parade: Some Christmas elves are not so jolly. Just ask residents of the Austrian, German and Hungarian Alps. Each year in this region, a true "Bad Santa" is the talk of town. Villagers believed that Krampus, a half-man, half-goat creature with a legion of ill-tempered elves, roamed the mountains wreaking havoc. Krampus was said to abduct miscreants and set unruly youth or even intoxicated adults straight. Today, Krampus is more the "bad cop" to Santa's "good cop" persona. Krampus is celebrated as an antihero at parades and other events.

• Las Posadas: According to scripture, Joseph and Mary had to make an arduous journey from their hometown to Bethlehem for census purposes while Mary was pregnant.

When the couple arrived, they found lodgings were nonexistent, and Mary ended up giving birth to Jesus in a manger surrounded by animals. In celebration of that journey, people in Mexico and Guatemala celebrate Las Posadas, a procession representing Mary and Joseph's journey and their struggle to find lodging.

• La Befana: In Italian folklore, La Befana is a witch-like old woman who, like Santa, delivers gifts to children throughout Italy. Instead of this gift-giving taking place on Christmas, La Befana hands out gifts on the Epiphany Eve in a similar way to how the Three Magi brought presents to Baby Jesus. Le Befana also is believed to fly through the night sky to sweep away all the troubles of the old year and clear the way for a fresh start.

• Move over reindeer: Although reindeer often garner fanfare this time of year, the Yule goat is a Christmas symbol and tradition in Scandinavia and northern Europe. Each year in towns throughout Sweden and other areas, large statues of Yule goats are built on the first day of Advent and stand throughout the holiday season. This tradition dates back to ancient Pagan festivals, and some believe the goat is connected to the Norse god Thor, who rode in the sky in a chariot pulled by two goats.

Holiday traditions differ considerably in various regions of the world. Celebrants may want to consider incorporating foreign traditions into their own Christmas celebrations this year.

#### Time to consider a business retirement plan?

If you're a business owner, you're always thinking about the days ahead. What can I do to boost sales in the next year? What trends should I be watching? What's the forecast for my industry? But there's one element of the future you might be overlooking: your retirement plan.

Consider these advantages of establishing a retirement plan for your business:

- You'll build resources for your retirement. You might sell your business one day, but can you count on that to fund your retirement? By investing in a retirement plan for many years, you can help accumulate the resources you will need to enjoy life as a retiree.
- You can help your business attract and retain employees. In a tight labor market, you'll want to employ all the advantages you can to attract and keep good employees — and a retirement plan can help.
- You can gain tax benefits. Your contributions to a retirement plan — on behalf of yourself and your employees — can be tax deductible. Plus, you can get tax credits for starting a new plan.

Here are some retirement plans to consider:

- Owner-only 401(k) — This plan is available to self-employed individuals and business owners with no full-time employees other than

themselves or a spouse. You may even be able to choose a Roth option for your 401(k), which allows you to make after-tax contributions that can grow tax free. In 2024, the combined employee and employer contribution limit was \$69,000, or \$76,500 for those 50 or older. These limits are likely to rise in 2025.

- Personal defined benefit plan — You can establish a pension plan, also known as a defined benefit plan, for yourself if you're self-employed or own your own business. For 2024, the annual defined pension benefit for a business owner cannot exceed the lesser of \$275,000 or 100% of their average compensation for the previous three highest consecutive calendar years.
- SEP IRA — If you have just a few employees or are self-employed with no employees, you may want to consider an SEP IRA. In 2024, your contribution limit was 25% of your salary or \$69,000, whichever was less. The percentage of your salary you contribute to your SEP IRA is the same percentage of your eligible employees' salaries you must contribute to their SEP IRAs.
- SIMPLE IRA — A SIMPLE IRA is easy to set up and maintain, but while it may be advantageous for your

employees, it's less generous to you, in terms of allowable contributions, than an owner-only 401(k) or a SEP-IRA. In 2024, you could contribute up to \$16,000 to a SIMPLE IRA, or \$19,500 if you are 50 or older. You must put in 2% of your employees' salaries, regardless of whether they contribute, or match their contributions dollar for dollar, up to 3% of their salaries.

And keep this in mind: The SECURE 2.0 legislation has made it possible for you to offer a Roth version of a SEP or SIMPLE IRA. Although contributions to either Roth account are not deductible, earnings and withdrawals are tax free, provided you (and your employees) are at least 59½ and have had your account at least five years.

To learn more about these and other business retirement plans, you might want to contact a financial professional. But don't wait too long — the sooner you start preparing for your retirement — and helping your employees plan for theirs — the better.

Mental Health Memo

Stay Happy and Healthy in Winter

About the authors: This month's column is a collaborative effort from the South Dakota Human Services Center Social Workers covering the Geriatric Program. Sierra Olson, BSW and Cloe Droegmiller, BSW both obtained their bachelor's degree in social work from the University of South Dakota and have been employed at the South Dakota Human Services Center as HS Social Workers since the summer of 2022.

Winter weather can be discouraging to anyone, young or old, as it could limit their ability to be connected, travel, and spend time in the outdoors. Social isolation and a decrease in physical activity may lead to symptoms of depression. These symptoms may include lack of energy, lack of motivation, or feelings of sadness. Promoting strong social and physical wellness is important during these potentially isolating and hard to navigate months. When the temperature drops and the wind is blowing and the snow is drifting there are still ways to promote strong social and physical wellness. Let's discuss a few ways to do this.

Since social wellness activities promote better mental health, being part of a community and having positive interactions with other people makes a person feel good! As we age, it's especially important to find opportunities to be part of a community and be socially active. Being active in a community can be as simple as joining a book club or connecting with friends and family through phone calls and letters. On those extremely cold winter days when you would rather stay tucked into bed challenging yourself to get up and write a letter to a friend or family member, or to call and check-in on those you care about can make a big difference in your personal wellness.

Physical wellness activities promote a healthy wellbeing. There are many benefits of maintaining an active lifestyle including improved mental health, longer lifespan, and possibly improving thinking abilities. Challenge yourself to be

more active. If you are not able to do more strenuous exercises you can try chair yoga, utilize an indoor pool in your community, do some simple stretching, or when the weather permits go for a walk in the neighborhood.

It is important to find a hobby that speaks to you, even if that means a few failed attempts at finding something you enjoy. A few common hobbies are indoor gardening, cooking, arts and crafts, puzzles, games, or exercise. Other things to do in the community could include visiting the library or having a meal at your favorite restaurant with your favorite people.

At the South Dakota Human Services Center, we offer an array of activities to promote physical and mental wellness. Some of those activities include open swim in our indoor pool, a weight room to workout in, card and board games, and outside entertainment coming to our facility to perform. In the Geriatric Program we offer aquatic therapy, coffee socials, a walking program, Movie Monday, and music therapy. Incorporating these types of social activities into your routine can promote better mental and physical wellness through not only the winter months, but the entire year.

For a virtual tour of the Human Services Center, visit: [https://dss.sd.gov/behavioralhealth/hsc/virtual\\_tour.aspx#30](https://dss.sd.gov/behavioralhealth/hsc/virtual_tour.aspx#30)

The mission of the Human Services Center is to provide individuals with a mental health or substance use disorder or both with effective, individualized professional treatment, enabling them to achieve their highest level of personal independence in the most therapeutic environment.

The mission of the Division of Behavioral Health is to support quality clinical treatment, recovery supports, prevention and crisis services with integrity to obtain positive outcomes for individuals with behavioral health needs.

City Holds First Reading for Amending Water Rates

By Rollie Steck

The Canton City Commission met for the final regular meeting in 2024 on Monday, December 16 at 7 p.m. All commissioners were present at the time of roll call.

Under Visitors to be Heard, Pool Committee Chair Todd Gannon came to the podium to discuss the progress of the pool and the need to extra to Change Orders. He noted that the project is still on schedule for next season. Gannon thanked the Commission. Next, Mitch Mergen with Stockwell Engineering came to the podium to introduce himself and thanked the City for giving his firm a chance at the Request For Quote (RFQ) for the Annual City Engineering Services in 2025. Mergen thanked the Commission.

With no other Visitors to be Heard, the first item under New Business was the 2025 Salary Resolution. State Statute requires the Commission to set by Resolution the list of compensation of officers for the City of Canton. The Resolution is baked on implementing the approved step and grease system. The resolution reflects a 2.6% Cost of Living Adjustment for all employees as well as one step on the step and grade system for employees with a positive review. The new wages will go into effect on the first paycheck of 2025. Motion to approve by Commissioner Tyler Larson. Seconded by Commissioner Jackie Pigos. Unanimous approval.

Next on the agenda was the 2025 Health Insurance Renewal. The City budgeted for 15% rate increase in premiums for City employees in the 2025 Budget. The City received the final numbers from the City's current agent Jordan Volk and the City will stay with Wellmark. There are no changes to the PPO plan, however the HSA plan has a deductible increase. The Individual deductible will increase by \$500 (\$5,500 to \$6,000 and the Family deductible will increase by \$1,000 (\$11,000 to \$12,000). Motion to approve by Commissioner Paul

Garbers. Seconded by Larson. Unanimous approval.

The 2025 HSA Contribution was next under New Business. To even out the costs of the HSA and PPO plan, the city has been contributing to the employee's HSA accounts. Currently, the City is contributing \$14.01/pay period. Based on the numbers, it is being recommended to increase the contribution for 2025 to \$25.46/pay period. Motion to approve by Pigos. Seconded by Larson. Unanimous approval.

The Audit Engagement Agreement - ELO CPA's & Advisors was next on the agenda. ELO CPA's & Advisors has submitted their audit engagement letter for the annual audit for the year ending December 31, 2024. They are anticipating their fees to be approximately \$17,000. If significant additional time is necessary, they will discuss it with the City before incurring additional costs. Motion to approve by Commissioner Kris York. Seconded by Pigos. Unanimous approval.

Next under New Business was the Canton Township Structure Replacement. IMEG Project Engineer Colin Kelley with the Canton Township has submitted the bid summary sheet for the structure replacement from the bid opening on December 12. The low bidder with Alliance Construction from Sioux Falls, SD for a total bid amount of \$324,073.62. The City is responsible for a portion of the work in the amount of \$55,747.78. Motion to award the City Utilities relocation as part of the West Road Culvert Project to Alliance Construction in the amount of \$55,747.78 with future discussion by Garbers. Seconded by York. Unanimous approval.

The final item under New Business was the First Reading - Ordinance Amending Water Rates. South Lincoln Rural Water (SLRW) has increased the bulk water rate charge to the City. SLRW has not increased the rate for the bulk water since the contract was first signed in

2017. Since the contract was signed the bulk water rate has increased, but was never added to the City's rate. The overall adjustment of rates would be \$1.10 per one thousand gallons. SLRW is willing to break the increase over two years, thus a small increase in 2026 is expected. If the Ordinance is given a First Reading, the Seconding Reading will take place at the January 6 City Commission meeting and be published on January 16 and effective February 4.

The rate would take effect on the March 1 Water Bill from the City, which includes water usage from January 21 through February 20. The City bases usage on cubic feet. The average household of 4 uses approximately 700 cubic feet per month and would see an increase of about \$2.80/month to their bill.

Motion to hold the First Reading by York. No second and vote is required for a First Reading.

During Commissioner Dialogue, Pigos wished everybody a safe and Happy Holidays. York commented on the water main break on Friday, December 13 and thanked the Public Works Staff for all their hard work for getting it fixed quickly. Mayor Sandra Lundstrom wished everyone a Merry Christmas and Happy New Year! Finance Officer Kyle Cwach discussed the RFQ's for City Engineer and mentioned that the Commissioners reviewed 5 different firms. The Commissioners will be interviewing 4 of the firms instead of 3 because of a tie in the scoring metric that was used to rank the firms.

With no further discussion, motion to enter Executive Session to discuss the Union Contract for 2025 at 7:44 p.m. by Larson. Seconded by Pigos. Unanimous approval.

After reconvening into regular session, motion to table the Union Contract by Garbers. Seconded by Pigos. Unanimous approval. With no other discussion, motion to adjourn by Garbers. Seconded by Pigos. Unanimous approval.

# Lincoln County Commission

The Lincoln County Commission met Tuesday, December 10 in the Lincoln County Boardroom. Commissioners heard agenda items including a public hearing on budget supplements, agreement with the Sioux Falls Humane Society, agreements with the Juvenile Detention Center and more.

By Jennifer Harms  
Auditor, Sheri Lund was present to read to the commission a public hearing pursuant to SDCL 7-21-22, for the purpose of adopting the following supplements to the 2024 Budget: A supplement adding to the Director of Equalization budget \$19,530.00 due to resolution 2312-44 passed on 12.26.2023 change in step increases, and account for overtime; increase in Information Technology budget in the amount of 3,629.00 due to resolution 2312-44 passed on 12.26.2023 change in step increases and 17,000.00 resolution 2405-40 passed on 05.28.2024 agreement with Microsoft; increase in the Sheriff budget in the amount of 155,448.00 due to resolution 2311-17 passed on 11.07.2023 approval of agreement with Fraternal Order of Police; increase to the Juvenile Detention budget in the amount of \$180,559.00 due to resolution 2402-65 passed on 02.27.2024 approve agreement for detention services; increase to the Highway Budget in the amount of \$350,022.00 due to resolution 2410-09 passed on 10.01.2024

approve replacement purchase of wheel loader. "I have listed the different departments that need the budget supplement and one correction that I do have on here is with the IT Director, he said that he does not need the supplement in his budget, so I will be removing that part out of it," she said. The items listed in the supplements were for board approved items that have happened throughout the year and Lund provided a reason and resolution to refresh the commission's memories. Chairman Jibben asked for and proponents and opponents for the public hearing, with no public comment, Commissioner Schmidt made a motion to approve, seconded by Landeen. Motion approved.

Sheriff Steve Swenson was not present, so Lund requested board action to approve and authorize the Chair to execute an Agreement with Sioux Falls Area Humane Society for animal control services and impound facility operations agreement from January 1 to December 31, 2025. "The contract includes a \$3,000 per month flat

service fee, this is an approximate increase of 260 per cent and is going to require a budget supplement next year," Lund said. Currently, Lincoln County accounts for 12 per cent of all animal control calls the Sioux Falls Humane Society covers. Motion to approve made by Landeen, seconded by Schmidt. Motion approved.

Lund next requested board action to sign the Juvenile Justice Collaborative Memorandum of Understanding. "This year there is an increase of 8.58 per cent on the daily rate while shelter care, community supervision, and evening reporting center is 2.4 per cent," Lund said. The increase is due to construction costs and the costs of staff. In 2023, Lincoln County used 489 beds at the Juvenile Detention Center and 508 beds at the Youth Rise. With an increase in Lincoln County kids being seen at the centers, the increase is needed for services provided to the children and for every eight kids in the programs, a staff member must be present. Motion approved.

Lund requested board action to approve and authorize the Chair to execute an agreement for decedent removal and transport services agreement effective December 1. "This is an agreement between Lincoln County and Dakota Embalming and Transport Service Inc for the transportation of decedent people in the City of Sioux Falls Lincoln County. The agreement will automatically be extended for 1 year on the same terms," she said. Motion by Schmidt, seconded by Landeen. Motion approved.

Assistant Commission Administrative Officer, Paul Anderson requested board action to approve payment totaling \$60,000.00 from other economic

assistance account 101-4410-419000. "This is an item that we had taken up a couple weeks ago, with distributing the national opioid settlement funds and contingent on a return nation opioid settlement fund use agreement," he said. Commissioner Poppens stated he has had a chance to speak with many of the entities over the past few days and questioned Anderson on his choices as he feels each organization is deserving of a monetary donation. "I was privileged to run a nonprofit for over two decades and have written I don't know how many different grants, and I think there was discussion on having RFP's sent out to various organizations on how they would spend it and is it money for new projects or money for their overall operation, but Commissioner Poppens asked, and I think we should have a couple of commissioners sit down and evaluate all of those organizations that we do give this money to to evaluate their overall effectiveness," Commissioner Schmidt said. Motion by Landeen to distribute \$7,500 to each of the entities that requested funds, seconded by Poppens. Motion approved.

Highway Superintendent, Terry Fluit requested board action to approve and authorize the chair to execute Bridge Improvement Grant (BIG) applications through the South Dakota Department of Transportation for replacement of the following bridge structures: 42-200-226, 42-200-249, 42-120-283. "Applications are due January 2, and I think they'll be selected by March of 2025," Fluit said. With no public comment, a motion was made by Poppens, seconded by Schmidt, motion approved.

Cafaro read the commission four first readings including the first reading for an Ordinance of Lincoln County, SD, amending the Code of Ordinances of the County by amending Chapter 154: Zoning, Section 154.021, Definitions; Section 154.056, Permissive Uses (A-1 Agricultural District); Section 154.058, Conditional Uses (A-1 Agricultural District); Section 154.176, Permissive Uses (RC Recreation/Conservation District); Section 154.178, Conditional Uses (RC Recreation/Conservation District); and Section 154.379(A) (1), Notification, a first reading for an Ordinance of Lincoln County, SD, amending the Code of Ordinances of the County by amending Chapter 154: Zoning, Section 154.021, Definitions; Section 154.057, Permitted Special Uses (A-1 Agricultural District); Section 154.058, Conditional Uses (A-1 Agricultural District); Section 154.177, Permitted Special Uses (RC Recreation/Conservation District); Section 154.178, Conditional Uses (RC Recreation/Conservation District); and Section 154.379(A)(1), Notification, a first reading for an Ordinance of Lincoln County, SD, amending the Code of Ordinances of the County by amending Chapter 154: Zoning, Section 154.021, Definitions; Section 154.058, Conditional Uses (A-1 Agricultural District); Section 154.178, Conditional Uses (RC Recreation/Conservation District); and Section 154.379(A) (1), Notification, and a first reading for an Ordinance of Lincoln County, SD, amending the Code of Ordinances of the County by amending Chapter 154: Zoning, Section 154.021, Definitions; and Section 154.136, Permissive Uses (I-1 Light Industrial District.)

According to FSA this farm as a whole is identified as Tr. 318 of Farm 4791 and is indicated to contain approx. 82.59 Acres of Farmland with 82.59 acres considered as cropland, with a total of 77.80 base acres with an FSA corn base of 52.5 acres with a 161 bu. PLC yield and a 25.30 acre soybean base with a 55 bu. PLC yield. The general topography of this land is gently rolling to hilly, with existing terraces and other soil conservation measures being implemented. This farm has a very high percentage of cropland and some productive soils, as information obtained from the Union Co. Assessor which indicates that this parcel of land has a soil rating of .643; comparatively information from Surety Agri-Data Inc. (2020 Version), indicates that this land has a weighted average productivity index of a 61.8. The 2023 RE taxes payable in 2024 on this property were \$1,873.48. This farm would be an excellent addition to an area row crop farming operation or investment.

**LEGAL DESC.:** N 1/2 of NW 1/4, Sec. 18, T. 94N., R. 49W., (Big Springs Twp.), Union Co., SD.

**TERMS:** Cash - A 10% nonrefundable downpayment sale day with the balance on or before Feb. 28, 2025. The RE licensees in this transaction are acting as agents for the seller. Sold subject to confirmation of the Trustee.

This is multifaceted offering of land that is inclusive of productive cropland and pasture situated in an excellent agricultural area of Union County, SD and in an area where land is tightly held and rarely comes up for sale, as evidenced by the long tenure of ownership of this land by the Eckrich family. This is a parcel of land very well suited to serve as an addition to an area row crop farming operation, crop/livestock operation, or as an investment property. Based on where the tumor was located and the complexity of removing it, she has had struggles with her balance, vision, and aphasia with word finding and reading. Emmerson's oncologist said the tumor was a low-grade cancer with a less than 10% chance of returning.

In Minneapolis, Emmerson did countless hours of therapy, along with ten days of inpatient rehabilitation at Lifescape in Sioux Falls. After forty-nine days of being in the hospital, Emmerson was able to come home on October 3rd. She has had an additional surgery to place a subdural shunt to help drain fluid off of the top of her brain.

two months for her next MRI and follow up appointments. Emmerson has been doing outpatient PT/OT/ST since she came home in October and continues to do that three times a week at Sanford Canton-Inwood Hospital. Emmerson loves being back at school full-time.

"Canton Community, thank you from the bottom of our hearts for all the love and support you have given us during this challenging time. The BIG impact of a small town was on full display while we were in Minneapolis, MN. The doctors and nurses would make frequent positive comments on the large number of visitors we had, and the large volume of cards and gifts delivered to Emmerson's room! Thank you everyone who has delivered meals to our home. Thank you everyone who participated in the cooler and meat raffle at the C-Hawk home sporting events this fall. Thank you to the local businesses and churches that have supported us in various ways." -Dylan & Jami Paulson

Emmerson has an outstanding team of doctors at Minnesota Children's Hospital. She will continue to be followed closely by Neurosurgery, Neuro-Oncology, Neurology, and a handful of other specialists. She recently had a three-month follow-up MRI and appointments, which all went well. She will go back in

## Sportstalk

By Rich Beitzel

To start this week's sportstalk I want to wish everyone a Merry Christmas and with the cold weather and a little snow blowing around it feels like it should be Christmas. We are trying to get ready with gifts and things to get to wrap but it is always fun to watch everyone open presents and now with the granddaughters it should be even more fun. One we will have to watch on facetime but that's still pretty good too. I hope everyone can remember why we celebrate the holiday and give thanks to God for his gifts along with the gifts of family. Call a relative or talk to them in person that you haven't seen for awhile of even a friend from the Navy or wherever you know them from.

Great job to our girls basketball team as they defeated Garretton for their first win of the season and the 2 losses have been close games so it is nice to see they got in the win column so lets keep it going. Now the boys have to get into the win column and hopefully real soon and both the teams travel to Alcester on the 31st for some afternoon basketball so lets get down there and cheer them on for those games before the parties get started.

The wrestling team traveled down to Elk Point and won a couple of big duals to improve to 7-0. The matches were quick and as the bus driver you have to like those as we were back in Canton by about 8 pm and the basketball games were still going when I dropped them off. We defeated both the games with

71 and 69 to 11 for both the other teams and coming back from the Rapid City Invite it was good to see they were ready wrestle. They are back at it the 4th of January in Salem and the girls are in Salem on the 3rd. Once we get past the holidays then all the sports turn up the heat as they all have games and duals throughout the month of January and February so get ready for that.

I saw that Cain Wallner received the top linebacker award also called the SDFBCA 2024 Chad Greenway LB of the Year Award. What a great award for Cain who has put in so much work to get better every year to finish his career with this award as he leaves CHS and heads to USD to play linebacker down in the Dome. Good luck to Cain and Vermillion is not too far away and I hope to come watch you play in the next level since I started watching you when you were in 5th and 6th grade and I could see you have some great talent for football (maybe not so much in 6 inches of snow) but not only football he is a great kid and seems to be good to everyone young and old. Good luck Cain.

Bowl season is on us as they have started games and even my favorite team Nebraska is in a bowl game on the 28th at noon in Yankee Stadium against Boston College so looking forward to watching them play again so enjoy your team play again and then the playoffs so should be a big month ahead for college football.

## Special Christmas Gift

*continued from front*

When asked about her favorite part of Christmas, she answered that she loves to decorate for Christmas and when everyone comes home for the holiday. She believes that this generation of people has gotten too busy with everything from jobs to technology, to driving, and the list goes on. She wishes they would "stop to smell the roses" and cherish each day. She was raised with the Dutch way of life around her, where say, if her husband were to mow the lawn on a Sunday, he would lose customers at the bank. "It's just a different way of life," Anderson commented.

She spent most of her younger years working for the city of Rock Valley and raising their children. She loved every aspect of being a mother, even when it was hard.

Although she will be 94 years old this Christmas Eve, her mind is very sharp, "I talk fast, I walk fast, my mind spins constantly!" she remarked. She wishes that she would have started writing a diary of her life, as she can remember all the way back to when she was just three years old. The only thing she complains of, is occasional foot numbness. "I've always been cold!" she commented with a warm smile.

Anderson was asked a couple of years ago what her secret to her long lifespan is. She replied with, "#1 loving the Lord, and #2, I never

smoked," which was a big thing in her time as a youth. She feels truly fortunate about her life, saying "everything kind of works itself out."

Her family are all coming to Canton for Christmas, where

all twenty-nine of them will be gathering in her home. She jokes it is only because of her age they are all coming for the holiday.

"Every day is a gift. I have loved my long, wonderful life." -Barb Anderson

South Dakota Department of Transportation NOTICE OF PUBLIC MEETING OPEN HOUSE 278th Street Corridor Study

Date: Monday, Jan. 6, 2025 Time: 6-7:30 p.m. Central Time Place: Canton Performing Arts Center 800 N. Main St. Canton, S.D. 57013 Study website: https://www.278thstreetstudy.com

The South Dakota Department of Transportation (SDDOT) will hold an informational public meeting open house to discuss and receive public input on the 278th Street Corridor Study. The public meeting will include a short presentation at 6:15 p.m. and the opportunity for one-on-one discussions with the study team. SDDOT staff will be available with displays to discuss the proposed study and answer questions.

This corridor study includes 278th Street from S.D. Highway 115 to S.D. Highway 11 in Lincoln County. The study will expand upon previous studies to update traffic forecasts and develop recommendations to modify the existing road to meet projected future traffic growth. The SDDOT is working to identify transportation needs throughout the area due to projected general traffic growth and traffic generated by the planned South Dakota Department of Corrections (DOC) men's correctional facility in the study area. This study will include a review of existing and projected traffic data, various build options, and preliminary environmental considerations.

The purpose of this public meeting open house is to gather input on transportation-related issues and needs within the study area and on preliminary concept options for the 278th Street corridor. This information will help the study team develop recommendations for 278th Street corridor modifications.

The opportunity to present written comments will be made available. Comments will be accepted until Tuesday, Jan. 21, 2025, and may be submitted at the public meeting, through the study website, or directly to one of the study contacts. For those unable to attend the in-person public meeting, or desire additional details, information about the 278th Street Corridor Study may also be found on the study website at: https://www.278thstreetstudy.com.

Individuals needing assistance, pursuant to the Americans with Disabilities Act (ADA), should contact the SDDOT ADA Coordinator (605-773-3540) two business days prior to the meeting in order to ensure accommodations are available. For any in-person meeting, notice is further given to individuals with disabilities that the meeting is being held in a physically accessible location.

For further information regarding this study, please contact Steve Gramm with the SDDOT (Steve.Gramm@state.sd.us or 605-773-3281) or Jon Wiegand with HDR Engineering (Jonathan.Wiegand@hdrinc.com or 605-782-8105). Public Meeting Information @ https://www.278thstreetstudy.com

Pursuant to SDCL Chapter 49-41B, the South Dakota Public Utilities Commission (Commission) will hold public input meetings at the above times and places on an application filed by SCS Carbon Transport LLC (Applicant) to construct a carbon dioxide (CO2) transmission pipeline (Project). The Project, which has been named the Midwest Carbon Express pipeline, is approximately 2,500 miles of pipelines for the transportation of CO2 from ethanol plants across 5 states, including 15 in South Dakota, to sequestration sites in North Dakota. The main line of the proposed route enters South Dakota in Lincoln County at the Iowa/South Dakota border and extends in a northwesterly direction, exiting the state at the South Dakota/North Dakota border in McPherson County. Major components and associated facilities planned in South Dakota are expected to include pump stations, main line valves, launcher-receiver sites, and approximately 16 total miles of temporary and permanent access roads as part of the Project. In addition to the main line and other components, the proposed Project includes lateral and trunk lines connecting ethanol plants throughout the eastern part of South Dakota to the main line. The total proposed length of pipelines through South Dakota is approximately 698 miles and will cross the counties of Beadle, Brookings, Brown, Clark, Codington, Davison, Edmunds, Grant, Hamlin, Hand, Hyde, Kingsbury, Lake, Lincoln, McCook, McPherson, Minnehaha, Miner, Sanborn, Spink, Sully, Turner, and Union. Applicant estimates the total cost of the proposed Project in South Dakota to be \$1,351,563,747.

The purpose of the public input meetings will be to hear public comments regarding the permit Application and the Project. At the meetings, Applicant will present a brief description of the Project, after which interested persons may appear and present their views, comments, and questions regarding the Application. A copy of the Application is on file with the auditor in each of the above listed counties pursuant to SDCL 49-41B and at the Commission's office in Pierre. The Application and all other documents in the docket, including detailed maps of the Project, may be accessed on the Commission's website at puc.sd.gov under Commission Actions, Commission Dockets, 2024 Hydrocarbon and Carbon Dioxide Pipeline Dockets, HP24-001.

Pursuant to SDCL 49-41B-17, the parties to this proceeding are currently the Applicant and the Commission Staff. Each municipality, county, and governmental agency in the area where the facility is proposed to be sited; or any person residing in the area where the facility is proposed to be sited; or any directly interested person, may be granted party status in this proceeding by making timely written application to the Commission. Applications for party status will be available at the public input meetings or may be obtained from the Commission's website. Applications for party status must be received by the Commission on or before 5:00 p.m., CT, January 24, 2025. The Commission will also accept comments in writing from anyone, either by mail, personal delivery, or e-mail until the time of the final decision. You only need to apply for party status if you want to participate formally in the case by putting on testimony or other factual evidence, conducting discovery, cross-examining witnesses, making legal arguments, and to preserve your right to appeal to the courts if you do not believe the Commission's decision is legally correct. You do not need to have party status in order to submit written comments.

Following the public input meetings, the Commission may schedule a formal evidentiary hearing conforming to SDCL Chapter 1-26 to consider issues raised by any party or the Commission itself. At such a formal hearing, all parties will have the opportunity to appear, present evidence, and cross-examine the other parties' witnesses, and exercise all other rights afforded by SDCL Chapters 1-26, 49-1, and 49-41B and ARSD Chapters 20:10:01 and 20:10:22, including rights of appeal to the courts.

For approval, the Applicant must show that the proposed Project will comply with all applicable laws and rules, will not pose a threat of serious injury to the environment nor to the social and economic condition of inhabitants or expected inhabitants in the siting area, will not substantially impair the health, safety or welfare of the inhabitants, and will not unduly interfere with the orderly development of the region with due consideration having been given to the views of governing bodies of affected local units of government. Based upon these factors, the Commission will decide whether the permit to construct should be granted, denied, or granted upon such terms, conditions, or modifications of the construction, operation, or maintenance as the Commission finds appropriate.

Pursuant to SDCL 49-41B-28, a permit from the Commission for the construction of a transmission facility may supersede or preempt any county or municipal land use, zoning, or building rules, regulations, or ordinances upon a finding by the Commission that such rules, or regulation, or ordinances, as applied to the proposed route, are unreasonably restrictive in view of existing technology, factors of cost, or economics, or needs of parties where located in or out of the county or municipality. Without such a finding by the Commission, no route shall be designated which violates local land-use zoning, or building rules, or regulations, or ordinances.

Pursuant to the Americans with Disabilities Act, these meetings will be held in physically accessible locations. Please contact the Public Utilities Commission at (605) 773-3201 at least 48 hours prior to the meeting if you have special needs so arrangements can be made to accommodate you.

The Commission's contact information is: Ph (605) 773-3201; puc.sd.gov; puc@state.sd.us; 500 E. Capitol Ave., Pierre, SD 57501.

Published three times by the South Dakota PUC at a total approximate cost of \$759.00.

# Girls Basketball Win Against Garretson Boys Basketball Still Finding Their Groove

The C-Hawks took on Garretson last Tuesday night and came out victorious. After losing two close games this year, they have one in the win column. The final score was 54-14.

Jenna VandeWeerd: 24 pts on 11 of 15 shooting  
Camryn Skiles: 14 pts, 4 steals  
Brynn Oakland: 6 pts, 9 assists, and 6 rebounds  
Team shot 54% from the field. Held Garretson to 17% shooting causing 22 turnovers.

The Boys basketball team is trying to rebuild their roster as they lost a lot of key players from last year. The team is 0-2 so far after a loss to Elk Point Jefferson and Garretson this past Tuesday night.  
Alex Rhead scored 11 points for the team and 2 rebounds.  
Corbin Winqvist scored 10 points and 6 rebounds.  
Noah Beatty scored 6 points and 3 rebounds.  
Theo Meister scored 5 points, 1 rebound and one steal.  
Bil Yuek scored 4 points and 3 rebounds.  
Andrew Ortman scored 4 points and 2 rebounds.  
Ryder Thompson scored 3 points and had 5 rebounds.  
Jarius Battese scored 3 points and had 1 steal.  
Espn Anderson scored two points and had 1 rebound.
